Order in Council re Wage rates for trainees

P.C. 9597

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 3rd day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by the provisions of The Vocational Training Co-ordination Act, 1942, the Minister of Labour is authorized to undertake projects to provide vocational training for persons discharged from the Armed Forces if such persons are approved for training by the Department of Veterans Affairs and may provide financial assistance for any project of this nature undertaken by any province;

And whereas the Minister of Labour and the Minister of Veterans Affairs report that the nature of many occupations for which training will be required necessitates that men and women be trained on the job with the employer rather than in a pre-employment school or training centre;

That it is necessary to make arrangements for such training which, while protecting the interests of ex-service personnel, will, at the same time, encourage employers to provide training;

That to this end, it is desirable that a complete schedule of the compensation payable to the trainee, covering his entire training period, be established for each trainee, based on the degree of skill attained by the trainee and the length of the training period involved; such compensation to be paid in part by the employer and in part from training grants made by the Department of Veterans Affairs;

That the Wartime Wages Control Order, 1943 (Order in Council P.C. 9384 of December 9, 1943), provides that no employer shall, except in accordance with the written direction of the National War Labour Board, pay wages to an employee in an occupational classification otherwise than in accordance with the wage rates for such occupational classification established pursuant to the said Order;

That the establishment of wage rate schedules for ex-service trainees pursuant to the said Wartime Wages Control Order, 1943, would require applications by individual employers to the appropriate War Labour Board and would not only be burdensome to the War Labour Boards and employers but would also result in considerable delay in instituting training programs for ex-service personnel; and

That it is necessary for the security, defence, peace, order and welfare of Canada that the following regulations be made;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour and the Minister of Veterans Affairs and under the authority of the War Measures Act, and the Vocational Training Co-ordination Act, 1942, is pleased to make the following regulations and they are hereby made and established accordingly,—

REGULATIONS

1. 'Trainee' means a former member of His Majesty's Canadian Forces or former member of any of His Majesty's Forces who was, at the time of enlistment, domiciled in Canada or any other persons with respect to whom authority for the granting of vocational training is or may be vested in the Minister of Veterans Affairs, if such former member or other persons are approved for such training by such Minister.

2. Notwithstanding the provisions of the Wartime Wages Control Order, 1943, the Department of Labour, with the approval of the Department of Veterans Affairs, may establish, from time to time, wage rates or schedules of wage rates to be paid during the period of training by the employer to trainees undertaking a course of training pursuant to the Vocational Training Co-ordination Act, 1942, on the job in any industrial, commercial, or agricultural establishment.

3. In the establishment of rates and schedules of rates for trainees as provided in section two, the following principles shall be observed:

- (a) The length of the training period to be fixed for each trainee will be based on the nature and extent of the skills to be acquired in the training course and his previous experience and training.
- (b) The total compensation payable to the trainee during the prescribed training period, including wages paid by the employer and grants paid by the Department of Veterans Affairs, will be established at an amount of approximately eighty per cent of the wage ordinarily payable by the employer for such occupational classification for such period as established in accordance with the provisions of the Wartime Wages Control Order, 1943.
- (c) The schedule of compensation established pursuant to this Order as payable to the individual trainee during the training period shall show the separate amounts payable by the employer and the Department of Veterans Affairs to the trainee during such period, and the amount fixed as payable by the employer at each stage of the training period shall be based on the earning capacity of the trainee; the balance of the compensation payable to the trainee during the training period being provided by way of grant from the Department of Veterans Affairs but not exceeding the amount fixed and authorized by the Post Discharge Re-Establishment Order.

4. For the purpose of assessment of contributions or premiums payable by employers or employees for Workmen's Compensation or Unemployment Insurance under Dominion or Provincial laws or regulations and payment of benefit or compensation thereunder, the remuneration payable to a trainee while taking a training course on the job in an employer's establishment shall be deemed to be the total of both the wage payable by the employer to the trainee and the grant or living allowance payable to the trainee by the Department of Veterans Affairs for the period of time within the training period in respect of which the assessment is payable.

A. D. P. HEENEY,
Clerk of the Privy Council.

supply. Thirty-day supply means a supply in dollar cost value at distributor's cost equal to one-third of the distributor's total sales, at his cost of such parts, sold by him during the three calendar months immediately preceding the date of such order.

(For example, in the case of an order placed in January, 1945, a thirty-day supply would be one-third of the total dollar cost value of sales in the months of October, November and December, 1944. This example is also applicable to subsection (2) next following.)

(2) No distributor, whose principal place of business is located in Manitoba, Saskatchewan, Alberta, or British Columbia shall order at any one time more than a forty-five day supply of replacement parts and no such distributor shall accept delivery of replacement parts, which in combination with his existing inventory of replacement parts, measured in total dollar cost value, shall exceed a ninety-day supply. Forty-five-day supply means a supply in dollar cost value at distributor's cost equal to one-half the distributor's total sales, at his cost of such parts, sold by him during the three calendar months immediately preceding the date of such order. (See the explanatory note to subsection (1) of this Section above.)

(3) Notwithstanding the provisions of subsections (1) and (2) next preceding, a distributor may accept delivery of specific items of replacement parts when his stock of all items in the aggregate exceeds, or will by virtue of such acceptance exceed, his maximum permissible inventory as specified in said subsections (1) and (2), but only to the extent necessary to bring such distributor's inventory of those specified items up to a total dollar value equal to the sales of such items shipped from such inventory during the preceding month, or the last thirty-day period in which a sale was made.

4. Priority of Essential Emergency Orders

(1) To obtain a replacement part required for the emergency repair of an essential motor vehicle which cannot be operated without such part, a distributor must file with such Emergency Order a certificate signed by such distributor or by some person on his behalf having a knowledge of the facts, in the following form:—

EMERGENCY ORDER CERTIFICATE

I,

- (b) That I am unable to furnish such parts from inventory owned or controlled by me;
- (c) That the above described vehicle is an eligible vehicle in the First Class or Second Class under Section 3 of Order No. A-621 of the Administrator of Motor Vehicles, used as follows:

.....;

- (d) That the motor vehicle for which such parts are required is make.....

..... Serial No.....;

Owner's Name and Address

.....
Signature

.....
Position

.....
Date

.....
Name of Distributor.

(NOTE.—If no form of such Emergency Order Certificate is available, the Emergency Order Certificate may be made by a certificate on or attached to the Emergency Order and containing the whole of the above Emergency Order Certificate.)

(2) Each distributor shall,

(a) forward the original of such Emergency Order and Emergency Order Certificate to his source of supply, and

(b) forward a copy of such Emergency Order and Emergency Order Certificate to the Motor Vehicle Controller, and

(c) retain a copy of such Emergency Order Certificate on his file.

(3) Any producer or distributor receiving a duly completed Emergency Order Certificate for a replacement part for an essential motor vehicle shall give priority to such order in supply and delivery over any order for another motor vehicle which is not of an emergency nature.

(4) An essential motor vehicle entitled to priority in supply and delivery under the provisions of subsections (1) and (3) next preceding, must be an eligible vehicle in the First Class or Second Class as set out in Section 3 of Order No. A-621 of the Administrator of Motor Vehicles.

(5) To obtain a replacement part required for the emergency repair of an industrial engine which cannot be operated without such part, a distributor, if unable to furnish such part from his inventory, must furnish with his order a certificate signed by such distributor or his authorized agent, stating that the replacement part is required for the repair of an industrial engine, giving the make, serial number and use made of such industrial engine; and any producer or distributor receiving a purchase order accompanied by such a certificate shall give priority to such order as if it were an Emergency Order for replacement parts for an essential motor vehicle.

5. Records and Reports

Every producer of replacement parts shall keep and preserve for a period of not less than two years accurate and complete records of his production and sales, including any certificates or statement received by him, and make such reports as may be required from time to time by the Motor Vehicle Controller.

P.C. 9596

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 3rd day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas paragraph 2 of “The Royal Canadian Air Force (Air Force Act Amendment) Order No. 1, 1943”, Order in Council P.C. 6190 of the 26th day of August, 1943, was included therein for the purpose of indicating the extent to which the provisions of the Air Force Act in force in the United Kingdom on the 1st day of May, 1943, should apply to the Royal Canadian Air Force, and of providing that, in the event of any inconsistency between a provision so made applicable and any provision contained in The Royal Canadian Air Force Act or in any regulation passed thereunder, the latter provision should govern;

And whereas the Acting Minister of National Defence for Air reports that doubt having been expressed as to whether or not the wording of the said paragraph clearly expresses the said purposes, it is desirable to remove any such doubt by amending the said paragraph 2.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Acting Minister of National Defence for Air and under and by virtue of the War Measures Act, and notwithstanding the provisions of any other act, law or regulation, is pleased to order and doth hereby order as follows:

1. Paragraph 2 of “The Royal Canadian Air Force (Air Force Act Amendment) Order No. 1, 1943” is revoked, and the following is substituted therefor:

2. This order shall be deemed to have come into force and effect on the 30th day of September, 1943.

P.C. 9599

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 3rd day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports,—

That cleaned rice is dutiable at the rate of 50 cents per 100 pounds under the British Preferential Tariff, 90 cents per 100 pounds under the Intermediate Tariff, and \$1 per 100 pounds under the General Tariff, with a Canada-United States Trade Agreement rate of 70 cents per 100 pounds;

That Order in Council P.C. 4136 of May 18, 1942, exempted "cleaned rice, when imported by manufacturers of cereal foods, for use in the manufacture of cereal foods, in their own factories" from customs duty under the British Preferential and Intermediate Tariffs and from the war exchange tax of 10 per cent ad valorem;

That Order in Council P.C. 2989 of April 13, 1943 revoked Order in Council P.C. 4136 of May 18, 1942, and exempted imports of "rice, cleaned, except rice used for the purpose of producing malt" from customs duty, war exchange tax and special excise tax;

That Order in Council P.C. 2989 was intended to extend the exemption from duty and taxes on cleaned rice imported for use in the manufacture of cereal foods, already granted under Order in Council P.C. 4136, to cleaned rice imported for the manufacture of soups; and

That it would be in the best interests of Canadian industry if the exemption from duty and taxes were limited to cleaned rice when imported by manufacturers of cereal foods and soups, for use in the manufacture of cereal foods and soups, in their own factories.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, and under the authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order as follows,—

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Acting Minister of Munitions and Supply reports that Dr. Sidney E. **Order in Council re pension benefits to female members of
the Armed Forces of Canada**

P.C. 213/185

*Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved
by His Excellency the Governor General in Council 10th January, 1945.*

The Board had under consideration a memorandum from the Honourable the Minister of Veterans' Affairs, concurred in by the Honourable the Minister of National Defence, the Honourable the Minister of National Defence for Naval Services, and the Honourable the Acting Minister of National Defence for Air, reporting:

"Whereas by Order in Council P.C. 119/2595, dated the 12th day of April, 1944, regulations were enacted pertaining to pension benefits for female members of the armed forces of Canada; and

Whereas, by the said Order in Council of the 12th day of April, 1944, the rates of pension for members of the Women's Royal Canadian Naval Service, the Canadian Women's Army Corps and the Royal Canadian Air Force (Women's Division), were fixed at approximately four-fifths of that of male members of the forces; and

Whereas an award of pension or additional pension to or in respect of a child or children was authorized only in the discretion of the Canadian Pension Commission; and

Whereas the Minister of National Defence reports that the Personnel Members Committee recommends, and the Defence Council approves, that pensions awarded in respect of service in the women's divisions, be paid at the rates now applicable to men of the three services; and

Whereas the rescission of Order in Council P.C. 119/2595 of the 12th of April, 1944, would extend all the provisions of the Pension Act to the personnel of the women's divisions, without restriction;

And whereas such rescission would necessitate reconsideration with regard to the benefits for dependents of the female members of the forces;

Now, therefore, the undersigned, with the concurrence of the Minister of National Defence, the Minister of National Defence for Naval Services, and the Acting Minister of National Defence for Air, has the honour to recommend that Your Excellency in

Council, under and by virtue of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, and notwithstanding anything to the contrary contained in the Pension Act or in any other act or regulation, be pleased to order as follows:—

1. That Order in Council P.C. 119/2595, dated the 12th day of April, 1944, be rescinded effective from the date of this Order;

2. That pension awards authorized for disability to or in respect of the Women's Royal Canadian Naval Service, the Canadian Women's Army Corps and the Royal Canadian Air Force (Women's Division) be paid at the rates provided in Schedule A of the Pension Act;

3. That pension awarded in respect of the death of a member of the Women's Royal Canadian Naval Service, the Canadian Women's Army Corps and the Royal Canadian Air Force (Women's Division) be authorized at the rates provided in Schedule B of the Pension Act;

Maximum Rentals and Termination of Leases for Commercial Accommodation

Under powers given to the Board by the Wartime Leasehold Regulations, being Order in Council P.C. 9029, dated November 21, 1941, and amendments, the Board hereby orders as follows:

1. Order No. 315 of the Board is amended by deleting the title thereof and by substituting the following therefor:

"Maximum Rentals and Termination of Leases for Commercial Accommodation".

2. Section 8 of said Order No. 315 is amended by deleting subsection (1) thereof and by substituting the following therefor:

"When an increased or decreased maximum rental may be charged,

(1) If a fixed maximum rental has been increased under subsection (1) of Section 7 and the tenant has not agreed to pay any increased rental, the increased maximum rental shall not be charged, demanded, received, collected, or paid earlier than the expiration of the current term of the lease then in effect, but may be charged thereafter, if, in the case of a lease not for a term certain the landlord has given the notice referred to in Section 15 or if, in the case of a lease for a term certain, the landlord has given the demand for renewal referred to in subsection (3) of Section 16."

3. Clause (a) of subsection (2) of Section 10 of said Order No. 315 is deleted and is replaced by the following:

"(a) that for which no maximum rental had been fixed before October 1, 1943;"

4. Subsection (1) of Section 11 of said Order No. 315 is deleted and is replaced by the following:

"(1) The decision of a Rentals Appraiser fixing or varying the maximum rental for any commercial accommodation or dismissing an application for a fixation or variation of the maximum rental for any commercial accommodation may be appealed by either party to the Court of Rental Appeals."

5. Order No. 315 of the Board is further amended by adding thereto Sections 12, 13, 14, 15, 16, 17, 18 and 19, and a Part Heading, as follows:

"PART II.—TERMINATION OF LEASES FOR COMMERCIAL ACCOMMODATION.

Dispossession under this Order.

12. Except as provided in Sections 13 and 14, no tenant of any commercial accommodation shall be dispossessed of such accommodation or be evicted therefrom and no landlord shall demand that any tenant vacate or deliver up possession of any commercial accommodation.

Dispossession under provincial law.

13. The landlord may recover possession of the accommodation in accordance with the law of the province in which it is situated if the tenant,

- (a) is in default in payment of his rent for fifteen days or longer; or
- (b) is breaking any material provision of his lease, other than a provision to vacate; provided that the landlord, before exercising his rights under this Section by reason of this clause, shall inform the tenant in writing of the nature of the alleged breach; or
- (c) is, or was at the time of making the lease, the landlord's employee, servant or agent; or
- (d) must vacate in order to enable the landlord to comply with the order of any duly constituted authority under the law of the province or municipality in which the accommodation is situated, declaring such accommodation as dangerous or unfit for occupancy; or
- (e) has given to the landlord, after the making of the lease for the accommodation but not as a term of the lease or a condition of obtaining it, a written notice of his intention to vacate the accommodation on a stated date and has failed to so vacate; or
- (f) is in occupation under a lease for a term certain, has received from the landlord a demand for renewal in accordance with Section 16, has not given to the landlord a notice of renewal in accordance with Section 17, and has failed to vacate at the end of such term certain; or
- (g) is in occupation under a lease that is not for a term certain, has received from the landlord a notice in accordance with Section 15, and has not given to the landlord a notice in accordance with such Section; or
- (h) has been given a notice to vacate in accordance with Section 14; or
- (i) is a tenant of His Majesty in right of Canada or of any province thereof;
- (j) is in possession under a lease that is not for a term certain and has been given before January 2, 1945, a notice to vacate in accordance with the law of such province; or
- (k) has been convicted of using the accommodation for an immoral or illegal purpose.

14. (1) If the landlord of any commercial accommodation desires possession of the accommodation

- (a) for his own personal occupancy for a period of at least one year from the date on which a notice to vacate given under this Section may direct the tenant to vacate; or
 - (b) for the purpose of demolition or of making any specified major structural alteration or addition; or
 - (c) in order to convert it into housing accommodation;
- he may make application to the Rentals Appraiser for a permit to give a notice to vacate to the tenant.

(2) The provisions of clause (a) of subsection (1) of this Section shall apply where two or more persons, other than as personal representatives of the deceased landlord, are landlords of any commercial accommodation, and possession of the accommodation is desired by one or more of them for his or their personal occupancy.

(3) The application referred to in subsection (1) preceding shall be in writing.

(4) The Rentals Appraiser may require any additional information, may inspect the accommodation and may grant or refuse the permit.

(5) If the Rentals Appraiser refuses to grant a permit under this Section, the landlord may appeal to the Court of Rental Appeals; in which case, the Rentals Appraiser shall forward to the Court all material filed with him and a memorandum of any additional information obtained by him and the Court shall have all the powers conferred on the Rentals Appraiser by this Section.

(6) If a permit is granted under this Section, the landlord may give to the tenant a notice to vacate which shall be on a form provided by the Board for use under this Section, and unless the lease provides for a longer notice, the length of the notice,

- (a) in the case of a monthly lease shall be at least three months terminating at the end of a lease month;

- (b) in the case of any other lease not for a term certain shall be that required by the law of the province in which the accommodation is situated and shall terminate at the end of the period of occupancy to which the tenant is then entitled under the terms of the lease or to which he is entitled by operation of law;
- (c) in the case of a lease for a term certain shall be at least three months, terminating at the end of the term, but if the unexpired portion of the term is less than three months at the date on which the notice is given, the notice shall be null and void and the provisions of Section 18 shall apply.

(7) In any case in which the provisions of this Section would require a notice to vacate in respect of a lease for a term certain to have been given before January 2, 1945, the landlord may apply to the Court within thirty days after the effective date of this Order for an order for possession and, if he satisfies the Court as to the existence of one or more of the circumstances set forth in subsection (1) preceding in respect of which an application may be made for a permit to give the tenant a notice to vacate, the Court may, in its discretion, dispense with any notice to vacate or direct the giving of such notice to vacate as it deems reasonable and just and may order that possession of the particular commercial accommodation be delivered to the landlord at the end of such term certain or at such later date as is specified by the Court. For the purposes of this subsection "Court" means any Court, Judge, Magistrate, or other officer having jurisdiction to make an order in civil proceedings for eviction of a tenant in the county or district in which the particular commercial accommodation is situated.

Increasing rental to maximum rental.

15. (1) If the rental of any commercial accommodation payable under a lease that is not for a term certain is less than the fixed maximum rental for the accommodation the landlord may give to the tenant a notice which shall be in the form set forth in the Appendix to this Order as Form No. 1, requiring the tenant to pay a specified increased rental not exceeding the fixed maximum rental for the accommodation.

(2) The notice referred to in subsection (1) shall be given not later than the time prescribed by the law of the province in which the accommodation is situated for the giving of a notice to vacate, and shall require payment of the increased rental from the date on which the tenant would have been required to vacate had the notice been a notice to vacate under such law.

(3) Unless the tenant, within fifteen days after receipt of the notice, gives to the landlord a notice in writing agreeing to pay such increased rental, the notice given by the landlord shall be deemed to have terminated the lease and the landlord may recover possession of the accommodation in accordance with the law of the province in which it is situated.

Landlord's demand for renewal.

16. (1) If the landlord under any lease of commercial accommodation for a term certain desires to ascertain whether the tenant is willing to renew the lease or intends to vacate the accommodation at the end of the term, he may give to the tenant a demand for renewal, which shall not be given earlier than three months before the date of expiration of the term or later than fifteen days before such date of expiration.

(2) A demand for renewal at the same rental shall be in the form set forth in the Appendix to this Order as Form No. 2.

(3) If the rental payable under the lease is less than the fixed maximum rental for such accommodation the landlord may require payment of a specified increased rental, not exceeding the maximum rental, if the tenant renews the lease; and in such case, the demand shall be in the form set forth in the Appendix to this Order as Form No. 3.

(4) Any demand for renewal given under this Section may require the tenant to renew his lease for a term certain of not more than five years and not less than one year, but if the lease in effect at the time of giving the demand for renewal is for a

term certain of less than five years the tenant shall not be required to renew his lease for a longer period than that granted under such lease.

Tenant's notice of renewal.

17. (1) If the tenant of any commercial accommodation for a term certain has been given a demand for renewal in accordance with Section 16 and desires to renew his lease, he shall, within fifteen days after receipt of such demand, give to the landlord a notice of renewal in the form set forth in the Appendix to this Order as Form No. 4.

(2) In the absence of agreement to the contrary, a notice of renewal may not be withdrawn.

(3) Each renewal for a term certain arising under a notice of renewal given under this Section shall constitute a lease for the term specified in the demand for renewal but otherwise containing the same conditions as were contained in the lease in effect at the time the demand for renewal was given except in so far as any of such conditions are inconsistent with the provisions of the Wartime Leasehold Regulations or of this Order and except as to any increase in rental resulting from a demand for renewal given under subsection (3) of Section 16 preceding.

18. If the tenant of any commercial accommodation under a lease for a term certain to whom the provisions of Section 13 do not apply, has not been given a demand for renewal in accordance with Section 16, he may, at his option, vacate the accommodation at the end of the term of the lease or remain in possession of the accommodation; but if he remains in possession of the accommodation the right of occupancy shall be governed by the law of the province in which the accommodation is situated unless the landlord before accepting payment of rent for any period of occupancy after the end of the term of the lease requires that the tenancy shall be from month to month, in which case the tenancy shall be from month to month and all the conditions of the term certain lease shall apply as far as they are consistent with a tenancy from month to month.

Rights of sub-tenants.

19. (1) A sub-tenant of any commercial accommodation shall have in respect of the tenant of the accommodation, the same rights and obligations under this Order as the tenant has in respect of his landlord.

(2) If the tenant's lease for any commercial accommodation is lawfully terminated, no sub-tenant of the accommodation may remain in occupation of the accommodation after the date of such termination."

6. Order No. 315 of the Board is further amended by deleting the heading "PART II—GENERAL PROVISIONS" and by substituting the following therefor:

"PART III—GENERAL PROVISIONS"

7. Order No. 315 of the Board is further amended by renumbering Sections 12, 13, 14, 15, 16, 17, 18, 19, 20 and 21 as Sections 20, 21, 22, 23, 24, 25, 26, 27, 28 and 29 respectively.

8. This Order shall come into force on January 2, 1945.

Made at Ottawa this 29th day of December, 1944.

Maximum Price for Used Cars

3. (1) The price at which any dealer may sell a reconditioned car shall not exceed a maximum price computed as follows:

- (a) Add the following items (i), (ii), (iii) and (iv);
 - (i) The new car price;
 - (See Section 2 (f) for definition of new car prices);

(NOTE: A spare tire and tube is a listed accessory).
- (iv) Transportation charges to place of sale, as provided in Schedule "E" to this Order;

And

- (b) Adjust the total sum thus reached by taking the appropriate percentage thereof in accordance with the following tabulation:

Over 2 years and up to 3 years	75
Over 3 years and up to 4 years	65
Over 4 years and up to 5 years	55

Over 9 years and up to 10 years	30
Over ten years	25

(For example: Assume a car of X make 1942 model listed in Schedule "A" at \$1,500.00, and sale is made in January 1945, in Saskatchewan, and the car is equipped with a radio and a spare tire (not original equipment):—

New car price

(Section 3 (a) item (i) and Schedule A) \$1,500.00

Plus handling charge

(Section 3 (a) item (ii) 25.00

Plus accessories

(Section 3 (a) item (iii) and Schedule D)

Radio \$70.00

Spare tire and tube 25.00

95.00

Plus transportation

(Section 3 (a) item (iv) and Schedule E) 140.00

Total is \$1,760.00

In accordance with the appropriate percentage shown in Section 3 (1) (b) for a reconditioned car over 3 and up to 4 years, take 65 per cent of this sum of \$1,760.00 which gives the maximum selling price of the car as \$1,144.00).

(2) The maximum price at which any dealer may sell a used car which is not a reconditioned car and the maximum price at which any person other than a dealer may sell any used car shall be the maximum price as fixed by subsection (1) for a reconditioned car of the same make, model, body type and model year less an

amount equal to the cost of putting such used car in good operating condition but in no event shall the price exceed ninety per cent (90%) of the said maximum price as fixed by subsection (1).

(3) No person shall buy a used car at a price which he knows or has reason to believe is in excess of the maximum price fixed by this Section for that car.

Additional Payments and Consideration.

4. Any commission, reward, premium or other payment or consideration of any kind in money or money's worth (including any motor vehicle or goods traded in or taken in exchange) claimed, stipulated for, taken or made directly or indirectly by or to any person in connection with or arising out of the sale, purchase or disposition of a used car, shall be and form part of the price at which such car is bought, sold or disposed of.

Used Car to be Tagged by Dealers.

5. (1) Each dealer shall conspicuously display on every used car in his possession or under his control, a tag clearly showing its make, model, body type, model year, serial number, options and accessories (including any spare tire and tube), and stating whether or not it is a reconditioned car and in each case the proposed sale price thereof, which shall not exceed the appropriate maximum price permitted by this Order, and in the case of a car which is not a reconditioned car the tag must show the estimated cost of putting the car into good operating condition. The tag shall not be smaller than 3 inches by 5 inches.

(2) The provisions of subsection (1) shall not apply to a used car delivered to a dealer by or on behalf of its owner, for repairs or storage, or to a used car owned and operated by a dealer for his personal use or as a service car, during the period of such repair, storage or operation as the case may be.

(3) No dealer shall tag or sell a used car as a reconditioned car unless it is in good operating condition.

Hoarding of Cars Forbidden.

6. (1) No dealer shall retain for his personal use or as a service car, a greater number of cars than he retained and operated for such purpose at any time during the year 1943.

(2) No dealer shall withhold from sale any car owned by him but not operated for his personal use or as a service car.

(3) The Administrator may from time to time require any person owning or having possession, control or power to dispose of any used cars to deal with, use, dispose of or supply all or any of such cars to such person or persons as he may specify and at such time or times and place or places and upon such terms and conditions as he may specify.

Dealers Required to Sell for Cash in Certain Cases.

7. (1) A person

(a) who is not a dealer and has not sold or disposed of a car during the preceding four calendar months; and

(b) who needs to obtain a used car for an essential purpose; and

(c) who does not own or operate or have the privilege of operating a car which is sufficient for such essential purpose; and

(d) who, if he obtains a used car will in respect of that car be in one of classes A, B or C under Order No. 4 of the Rubber Controller, as amended,

may make application on a form provided by the Board, to the Tire Rationing Officer at the nearest office of the Board for a certificate of essentiality entitling him to acquire, if available, one used car for cash.

(2) The Tire Rationing Officer may require such person to furnish additional information and may in his discretion approve the application and issue to such person

a certificate of essentiality which shall be valid for a period of fifteen days or such other period as may be prescribed on the certificate by the Tire Rationing Officer. A certificate of essentiality shall not be transferable.

(3) A person who within the period prescribed presents to a dealer a certificate of essentiality purporting to have been issued by a Tire Rationing Officer and who is ready and willing to purchase a used car for sale in the possession or control of such dealer and to pay in cash the maximum price or the tagged price if lower, shall be entitled to acquire it for that price in cash and the dealer shall sell it to that person without requiring that person, as a condition of his right to acquire the car, to exchange or trade in any other used motor vehicle or goods or to furnish any consideration other than the proposed selling price in cash.

Valuation of Used Motor Vehicles Which are Traded in to be Fair and Reasonable.

8. Every person who takes or accepts any used motor vehicle in exchange for, as a trade-in, or as part of the purchase price of a used car, shall allow a reasonable and just valuation on the used motor vehicle so traded in or exchanged having regard to the condition of such used motor vehicle when traded in or exchanged, but in no event exceeding the lawful maximum price at which such motor vehicle may be sold.

Advertisements of Used Cars.

9. (1) Any person, other than a dealer, who advertises or offers in writing any used car for sale, shall state in such advertisement or offer the name and address of the owner, and the location, make, model, body type, model year and serial number of such car, options and accessories (including any spare tire and tube), and the proposed sale price of the car, which shall not exceed the maximum price permitted by this Order. Such person shall sell such car for cash to a person who presents, within the period prescribed, a certificate of essentiality purporting to have been issued pursuant to Section 7, by a Tire Rationing Officer, and who is ready and willing to pay in cash the price at which such used car has been advertised or offered in writing.

(2) Any dealer who advertises a used car for sale shall state in the advertising his name and address at which the used car may be inspected.

Annual Limitation on Purchases of Used Cars.

10. (1) Except as provided in subsections (2) and (3) of this Section, no person shall purchase or acquire more than one used car in any calendar year.

(2) Any person who, during the previous calendar year, had registered in his name and operated in any province five or more cars may purchase or acquire in the next succeeding calendar year one used car for each five cars so operated.

(3) The limitations imposed by subsections (1) and (2) shall not apply

(a) to the purchase or acquisition by any person of a used car to replace one the use of which has been lost through theft or destruction;

(b) to the purchase or acquisition of a used car by a dealer unless such car is purchased or acquired by him for his personal use or as a service car.

Written Statement of Sales to be in Triplicate And to be Filed with the Board.

The statement shall be executed in triplicate and one signed copy, together with any certificate of essentiality accepted by the seller from the purchaser, shall be filed by the seller, within four days, with the nearest office of the Board and the seller shall keep a record showing the Board office with which such statement and certificate, if any, have been filed.

Dealer's Implied Warranty.

12. On every sale by a dealer of a reconditioned car or of a car which is described as reconditioned in the statement of sale there is hereby imposed, as a term or condition of the sale, an implied warranty by the dealer that the said car and its options are in good operating condition and that the dealer will forthwith, upon demand in writing made within thirty days after the delivery of the said car to the purchaser and not otherwise, supply all labour necessary to put the car and its options in good operating condition and in so doing will replace all worn, defective, broken and missing parts and attachments thereof that are necessary for the due performance of the said car, at not more than fifty per cent of his lawful maximum price for such labour, parts and attachments; provided, however, that this warranty does not extend to accessories, tires, tubes, paint, glass, upholstery, or to any repairs or replacements made necessary by an accident or by misuse or negligence on the part of the purchaser.

Records to be Kept.

13. Each dealer shall keep and produce to the Administrator or any representative of the Board on request a full and complete record of the used cars which he owns on December 30, 1944, or subsequently acquires, which record shall show:

14. On or before February 10, 1945, and quarterly thereafter, every person carrying on the business of buying or selling used cars shall file for the information of the Administrator, at the nearest office of the Board, a report in duplicate signed by him showing his name and address and the make, model, body type, model year, serial number, options and accessories (including spare tire and tube) on each used car in his possession or under his control or in the possession of another on his behalf, as at the last day of the preceding month. Cars for sale or being prepared for sale and cars not listed for sale shall be listed separately and the reason why any listed car is not for sale shall be stated in the report.

Dealers Must Hold Permits.

15. (1) From and after March 31, 1945, no person who is not the holder of a valid permit issued to him by the Administrator in respect of each place of business operated by him shall (a) carry on the business of selling used cars, or (b) purchase or acquire any used car except in accordance with Section 10 and except to the extent that he may be authorized in writing under subsection (4) of this Section to acquire any used car as a trade-in.

(2) Every person carrying on the business of buying or selling used cars on January 2, 1945, and who desires to continue in such business after March 31, 1945, shall on or before February 10, 1945, make a return to the Administrator on a form provided by the Board; and every person who desires to commence such business after January 2, 1945, shall make an application to the Administrator on a form provided by the Board for a permit.

NOTE:— Forms may be obtained at the nearest office of the Board.

a permit to that person to carry on business as a dealer and such permit shall at all times be prominently displayed in that place of business. If the Administrator is not satisfied that a permit should be issued he may decline to issue one.

Exemptions.

17. The provisions of this Order shall be subject to such written exemptions as the Administrator may grant, upon application to him, in such special cases as he deems proper.

THE REINSTATEMENT REGULATIONS

P.C. 77

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 11th day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas The Reinstatement in Civil Employment Act, 1942 made provision for the re-instatement of members of His Majesty's forces in civil employment after discharge;

And whereas the Minister of Labour reports that it is necessary to make regulations to carry out the purposes and intentions of the Act under section eleven of the said Act;

That difficulties have arisen in the interpretation of the said Act and in the application of the said Act to circumstances that were not contemplated at the time the Act was passed; and

That it is therefore, by reason of the war, deemed necessary, for the security, defence, peace, order and welfare of Canada, to make regulations defining the rights of persons to re-instatement in civil employment pending reconsideration of the said Act by Parliament;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour and under the authority of the War Measures Act and The Reinstatement in Civil Employment Act, 1942, is pleased to make the following regulations and they are hereby made and established accordingly.

**Acceptance
for service**

3. For the purposes of the Act and these regulations, where a man has,
 - (a) upon being served with an order requiring him to report for military training, service or duty under regulations made by the Governor in Council, or
 - (b) in the belief that he has been or will be accepted for service in one of His Majesty's armed forces,

left his employment to comply with the order or to enter the service,

- (c) he shall be deemed to have been accepted for service in His Majesty's forces at the time he left the employment whether that time is before or after the time these regulations come into force; and
- (d) his service in His Majesty's forces shall be deemed to have been terminated when he ascertained that he was not being accepted for service therein whether that time is before or after the time these regulations come into force.

**Continuity
of service
during in-
capacity**

4. Where, after termination of his service in His Majesty's forces, a person receives hospital treatment or is physically or mentally incapable of performing work to which he would have been entitled upon reinstatement, the period of the treatment or incapacity shall, upon reinstatement thereafter, be deemed to have been a period of service in His Majesty's forces for the purposes of section three of the Act.

**Delayed
reinstatement**

5. Where the Minister or a Selective Service Officer has, within the period described in paragraph (a) of section four of the Act, directed or requested a person entitled to reinstatement to accept other employment and the person so directed or requested accepts the employment, his service in His Majesty's forces shall be deemed not to have been terminated for the purposes of the Act until the termination of the work which he has been so directed or requested to accept.

**Business
operated in
several estab-
lishments**

6. Where an employer's employees are employed in various establishments and it is not reasonably practicable to reinstate an applicant in the establishment in which he was employed at the time he was accepted for service in His Majesty's forces, the employer shall reinstate the applicant in one of his other establishments in Canada if

- (a) it is reasonably practicable so to reinstate him; and
- (b) it is or has been the policy or practice of the employer to transfer employees in the applicant's classification from one establishment to another.

**Application
for reinstatement**

7. (1) An applicant may apply to the employer verbally or in writing for reinstatement.

(2) The Minister may prescribe forms to be used in applying for reinstatement but an application is not invalid or defective because it is not in prescribed form.

(3) The fact that an employer has offered to reinstate a former employee within the period described by paragraph (a) of section four of the Act but before the employee has applied for reinstatement does not affect the employee's right to apply for reinstatement at a later time within the said period, and, notwithstanding section four of the Act, it is not a defence in proceedings for a violation of section three of the Act for the employer to prove facts described by paragraph (b) of section four of the Act unless he also proves that the employee applied for reinstatement before he offered reinstatement to him.

(4) For the purposes of the Act and these regulations, if an applicant inquires about reinstatement but does not expressly apply for reinstatement he shall be deemed not to have applied for reinstatement.

8. (1) A person who has been offered reinstatement may accept the offer without prejudice to a claim that it does not comply with the requirements of the Act. Application for assistance

(2) Where an applicant, having been offered reinstatement by the employer and having presented himself for employment, is of opinion that the employment offered does not comply with the requirements of the Act, he may apply for assistance to a Reinstatement Officer in person or in writing.

(3) Failure of a person who has applied for assistance under subsection two of this section to perform the duties of the employment during a period when he is being assisted by a Reinstatement Officer shall, for the purposes of section five of the Act, be deemed not to be reasonable cause for terminating the employment.

(4) The fact that an applicant has applied to a Reinstatement Officer for assistance under this section shall, for the purposes of paragraph (b) of section four of the Act, be deemed to be a reasonable excuse for failing to present himself for employment during the period when he is being assisted by the Reinstatement Officer.

9. (1) If an employer claims that an applicant is physically or mentally incapable of performing work available in the employer's service, a Reinstatement Officer may arrange for a medical examination of the applicant. Applicant incapable of performing work

(2) Where, upon discharge from His Majesty's forces, a person is physically or mentally incapable of performing work available in the service of the employer by whom he was employed when accepted for service in His Majesty's forces, he may notify the employer, during the period described by paragraph (a) of section four of the Act, that he intends to apply for reinstatement when he is capable of performing the work, and, where a person has so notified an employer and has, within nine months after discharge in Canada from the service or from hospital treatment following discharge in Canada or within ten months after discharge overseas or from hospital treatment following discharge overseas, made one or more applications for reinstatement, it is not a defence in proceedings for a violation of section three of the Act for the employer to prove Extension of time for reinstatement

(a) that the applicant was physically or mentally incapable of performing work available in the employer's service unless he proves that the applicant was so incapable at the time of the last application for reinstatement made within the said period of nine or ten months, as the case may be;

(b) the facts described by paragraph (a) of section four of the Act; or

(c) the facts described in paragraph (b) of section four of the Act, unless he proves that the applicant applied for reinstatement before he offered to reinstate him.

10. Proof, for the purposes of paragraph (e) of section four of the Act, that an applicant was employed to take the place of an employee who had been previously accepted for service in His Majesty's forces may only be made by proving that the applicant was employed directly or indirectly to take the place of the other employee and would not have been employed if the other employee had not left the employment. Proof that applicant employed as replacement

11. (1) Where there is a practice or policy of paying graduated scales of wages and where increases are given to employees principally on the basis of length of service, it shall be deemed, for the purposes of the Act, that increases are given on the basis of length of service only and in any such case the employer shall, upon reinstatement of an applicant in his previous classification, remunerate him at the rate at which he would, on that basis, have been remunerated if his service in His Majesty's forces had been service with the employer. Rate of remuneration on reinstatement

(2) Where there is a practice or policy of giving increases in wages to employees by reason of acquired skills, experience or training, the employer shall, as soon after an applicant has been reinstated as he has manifested the skills, experience or training, give to the applicant the increases which he might have been given if the relevant skills, experience or training acquired in His Majesty's forces had been acquired in the employment.

Promotions

(3) The employer shall grant to a reinstated employee upon reinstatement or as soon as thereafter as is reasonably practicable every promotion to which he would have become entitled by reason of length of service or seniority if the time spent by the reinstated employee in His Majesty's forces had been spent in the service of the employer.

Permanent status and seniority

(4) Where, under the terms of employment, whether under a collective agreement or otherwise, employees obtain a permanent status in the employment or are entered on the seniority lists after having been in the employer's services for a fixed period, service in His Majesty's forces shall be deemed to have been service with the employer for the purposes of determining

(a) his status or position insofar as it affects his right to reinstatement; and

(b) his status or position after reinstatement.

Vacations with pay

12. (1) Subject to the other provisions of this section, for the purpose of determining a reinstated employee's right to vacation with pay for the calendar year in which he is reinstated and all subsequent years, the period of service in His Majesty's forces shall be deemed to be time spent in the service of the employer.

(2) Subject to subsection three of this section, a reinstated employee is not entitled to vacation with pay for the calendar year in which he is reinstated unless he is in the employment ninety days in the calendar year after reinstatement.

(3) Notwithstanding these regulations, the employer may, in accordance with his existing practice or policy or in accordance with a collective labour agreement or otherwise, grant vacation with pay commencing at any time after reinstatement.

Reinstatement Officers

13. The Minister may designate any person as a Reinstatement Officer to assist in the administration and enforcement of the Act and these regulations and may issue to a Reinstatement Officer a certificate of his designation as such.

Powers of Reinstatement Officers

14. (1) A Reinstatement Officer may, for the purpose of enforcing and administering the Act and these regulations,

(a) enter at all reasonable times any premises or place, other than a private dwelling house not being a workshop, where he has reasonable grounds for supposing that an applicant was employed before being accepted for service in His Majesty's forces;

(b) make such examination and inquiry as may be necessary for ascertaining whether the provisions of the Act and these regulations are being complied with in any such premises or place; and

(c) examine orally, either alone or in the presence of any other person, as he thinks fit, with respect to any matter arising under the Act or these regulations, any person whom he finds in the premises or place, and require a person so examined to sign a declaration as to the truth of the statements made by him with respect thereto.

(2) Every person shall forthwith furnish to a Reinstatement Officer such information as the Reinstatement Officer may reasonably require in connection with the enforcement or administration of the Act or these

regulations and shall produce for inspection every register, book, card, wage sheet, record of wages or other document that he reasonably requires in that connection.

(3) The production of a document purporting to be a certificate of designation as a Reinstatement Officer signed by or on behalf of the Minister is evidence of the designation and a Reinstatement Officer applying for admission to any premises or place under this section shall, if required, produce his certificate of designation.

15. (1) Subject to subsection two of this section, information, written or verbal, obtained under these regulations shall not be disclosed to any person except the Minister or his officers in the course of their employment. Secrecy of information

(2) The Minister or a Reinstatement Officer may—

- (a) disclose to an applicant or any person acting on his behalf, such information as may be necessary for the enforcement of his rights under the Act or these regulations;
- (b) disclose information obtained under these regulations to a department of the Government or to a Court in connection with the administration or enforcement of the Act or these regulations.

16. (1) Any person who—

Penalties

- (b) obstructs, hinders or delays a Reinstatement Officer in making an inspection of registers, books, cards, wage sheets, records of wages and other documents under these regulations; or
- (c) fails or refuses to produce a register, book, card, wage sheet, record of wages or other document, as required by these regulations

is guilty of an offence and liable, on summary conviction, in the case of a corporation to a fine of not less than one hundred dollars and not more than one thousand dollars and in the case of any other person to a fine of not less than twenty-five dollars and not more than five hundred dollars.

(2) Every person who contravenes any of the provisions of these regulations is guilty of an offence and, where no penalty is expressly provided, liable on summary conviction, in the case of a corporation to a fine of not less than one hundred dollars and not more than one thousand dollars and in the case of any other person to a fine not exceeding two hundred dollars.

17. Where there is any conflict between the provisions of the Act and the provisions of these regulations, the regulations prevail.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by Order in Council P.C. 7325 of September 21, 1943, regulations (hereinafter called the 1943-44 Flaxseed Regulations) were made empowering the Canadian Wheat Board (established under The Canadian Wheat Board Act, 1935, as amended and hereinafter called "the Board") to control flaxseed;

And whereas Order in Council P.C. 8318 dated October 26, 1943, made pursuant to the 1943-44 Flaxseed Regulations, authorized the Minister of Finance on behalf of the Government of Canada to guarantee advances made to the said Board by the following banks, namely:

Bank of Montreal
 The Royal Bank of Canada
 The Canadian Bank of Commerce
 The Bank of Nova Scotia
 The Bank of Toronto
 Imperial Bank of Canada
 The Dominion Bank
 Banque Canadienne Nationale.

and interest on such advances at such rate or rates and upon such terms of payment thereof as may be agreed upon from time to time between the Board and the said banks with the approval of the Minister of Finance, the said guarantee to be in the form annexed to the said Order in Council P.C. 8318 or one to the like effect;

And whereas in pursuance of the said authority the Minister of Finance executed such a guarantee in favour of the said banks on November 2, 1943;

And whereas paragraph 8 of the Flaxseed Regulations provides that the Flaxseed Regulations shall expire on July 31, 1944, subject to the provisions of section nineteen of the Interpretation Act which was thereby made applicable thereto as if the said Regulations were revoked on said latter date;

And whereas the Minister of Finance reports that the Board had flaxseed stocks at country elevators on July 31, 1944, which would have to be paid for thereafter as they attain a deliverable position; that the Board were and will be under the necessity on and after August 1, 1944, of borrowing money on the security of flaxseed appropriated by it or delivered to it in order to enable it to pay for flaxseed to be so appropriated or delivered after August 1, 1944; that it is therefore expedient that the date of expiration of the 1943-44 Flaxseed Regulations be extended to April 1, 1945, and that the said guarantee given by the Minister of Finance be made applicable to advances made by any of the said banks on and after August 1, 1944, until and including March 31, 1945.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, is pleased to amend the 1943-44 Flaxseed Regulations and they are hereby amended, effective the first day of August, 1944, by deleting the words and figures "July 31, 1944" from paragraph 8 thereof, and substituting therefor the words and figures "April 1, 1945".

His Excellency in Council, on the same recommendation and under and by virtue of the powers conferred by the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is further pleased to order and doth hereby order that the guarantee dated November 2, 1943, given by the Minister of Finance pursuant to Order in Council P.C. 8318 shall be applicable to any advances made by any of the said banks from time to time under the authority of the 1943-44 Flaxseed Regulations as hereby amended, until and including March 31, 1945, but not thereafter.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council amending the Wartime Industries Control Board Regulations

P.C. 346

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 16th day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Munitions and Supply reports,—

That in the prosecution of offences respecting counterfeit gasoline ration coupons it is necessary to establish the authority of persons printing genuine coupons; and

That under the Public Printing and Stationery Act, the Department of Public Printing and Stationery is charged exclusively with the execution of all printing for the several Departments of the Government; and

That the only means now available for proving the authority of persons printing genuine coupons is by the personal appearance in Court of the King's Printer or of the Controller of Purchases in the said Department; and

That it is desirable to avoid the expense and loss of time occasioned by requiring such persons to appear in Court by amending Section 16 of Order in Council P.C. 3 of January 4, 1944, being the Wartime Industries Control Board Regulations to authorize such evidence to be given by affidavit.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply and pursuant to the powers conferred by the War Measures Act, is pleased to amend the Wartime Industries Control Board Regulations, established by Order in Council P.C. 3 of January 4, 1944, and they are hereby amended as follows:

1. Subsection (1) of Section 16 is amended by adding thereto the following paragraph:

"(e) Evidence that a person is or is not authorized or is exclusively authorized to print coupons for obtaining gasoline under the Orders of the Oil Controller may be given by the affidavit of the King's Printer for Canada or of the Controller of Purchases in the Department of Public Printing and Stationery."

2. Subsection (4) of Section 16 is amended by striking out the words "paragraph (d)" and substituting therefor the words "paragraphs (d) or (e)".

ORDER No. 474

* Restrictions on Residence in Ottawa Area

Explanatory Note:

Under the provisions of the Emergency Shelter Regulations, Order in Council P.C. 9439 of December 19, 1944, a state of emergency in regard to shelter has been declared in the Ottawa area and the Wartime Prices and Trade Board has appointed an Administrator of Emergency Shelter for such area.

There is an acute shortage of family quarters in the area which shortage cannot be met by new construction because urgent national requirements have caused unavoidable scarcities of building materials and skilled labour.

It is, therefore, necessary to take measures that will prevent further congestion of the area and that will assist essential workers to obtain shelter.

There is not such an acute situation regarding single rooms with no housekeeping privileges and this Order does not apply to such rooms.

Therefore, under powers conferred by the said Regulations, the Board hereby orders as follows:

1. For the purposes of this Order,
 - (a) "Administrator" means the Administrator or Deputy Administrator of Emergency Shelter appointed for the Ottawa area by the Board;
 - (b) "landlord" means any person who lets or sub-lets any residence;
 - (c) "Ottawa area" means the City of Ottawa, the Townships of Nepean and Gloucester and all municipalities situated therein;

(d) "residence" means any place of dwelling except a room in a hotel or any single room the occupant of which has no cooking privileges on the premises.

2. (1) No person who, on January 17, 1945, was not in occupation of a residence in the Ottawa area, shall rent or enter into occupation of a residence in such area unless he is an essential worker in war or civilian services and has obtained from the Administrator a permit in writing under this Section.

(2) Every person who makes an application to the Administrator for a permit shall specify the residence he desires to occupy and shall furnish such further information as the Administrator may require.

(3) The Administrator shall be the sole judge as to whether a person is an essential worker and may grant or decline any permit.

(4) Every permit shall be on Form E. S. 1 which shall designate the only residence that may be occupied by the applicant.

3. (1) No person who, on January 17, 1945, was in occupation of a residence in the Ottawa area, shall rent or enter into occupation of any other residence in such area unless he obtains from the Emergency Shelter Registry an authorization in writing so to do.

(2) Every person who makes an application for an authorization shall furnish such information as the Emergency Shelter Registry may require.

(3) Every authorization shall be on Form E. S. 2.

4. Every holder of a permit or authorization given under this Order shall, upon renting a residence, complete and detach Part A of such permit or authorization and return it to the Emergency Shelter Registry.

5. No landlord shall let any residence in the Ottawa area to any person unless such person gives to the landlord either

(a) a permit from the Administrator, or

(b) an authorization from the Emergency Shelter Registry.

6. This Order shall come into force on January 17, 1945.

Made at Ottawa, January 13, 1945.

Chairman, Wartime Prices and Trade Board.

NOTE TO ORDER No. A-1511

The following example is given to assist primary producers in the central and eastern provinces to calculate their maximum prices. Transportation and baling charges will vary and in the case of sales of baled and loose hay at the farm the primary producer must use the actual charges to calculate his price.

- (1) In any one of the central or eastern provinces a farmer may sell hay baled and loaded into cars at his nearest railway shipping point for \$18.00 per ton. If he does not load the hay on cars his maximum price is \$17.00 per ton.
- (2) If he sells baled hay at his farm his price will be \$17.00 per ton less normal hauling charges from his farm to the nearest railway shipping point. If these charges are 50 cents per ton the maximum price will be \$16.50 per ton.
- (3) If he sells the hay loose or unbaled at the farm the maximum price per ton, in this example, will be \$16.50 less the customary baling charges or \$3.00 per ton whichever is the lesser. If the customary baling charge is \$2.50 the maximum price will be \$14.00 per ton for loose hay at the farm.

(2) Unless the context otherwise requires and except as otherwise provided in these regulations, words and expressions in these regulations shall have the same meaning as like words and expressions respectively have in the Act.

3. For the purposes of Part II of the Act and these regulations the expression "educational, vocational or technical training benefits" means vocational or technical training or university education grants (including tuition fees, students' fees, athletic fees or other costs or charges of vocational and technical training or university or other education courses) authorized under the Post-discharge Re-establishment Order.

4. The expression "home" in clause (ii) of paragraph (a) and in paragraph (b) of section nine of the Act means a house or building intended for human habitation and used or to be used by the member as his dwelling, together with the land upon which it is situated, including, in the case of a farm, land used therewith for the purposes of farming.

No credit shall be made available to a member for the purchase of a business unless the application therefor is first referred to the Re-establishment Credit Advisory Committee established for the district in which the member resides or the district in which he proposes to use the credit for the purpose of securing its advice as to the soundness of the investment in the case of such member.

20. A person applying for a credit may request that his application be referred to a Re-establishment Credit Advisory Committee.

23. No credit shall be made available to a member unless the member is resident in Canada and the Minister is satisfied that the credit will be used for one or more of the purposes specified in section nine of the Act or in these regulations and for the re-establishment of the member in Canada.

24. Any member may at any time revoke his election under section ten of these regulations not to take benefits under The Veterans' Land Act, 1942, or any educational,

vocational or technical training benefits by giving to the Minister a notice in writing to that effect and where a member to whom or on whose behalf a credit has been made available gives such notice he shall before making application for or receiving a grant of any of the said benefits pay to the Minister the compensating adjustment fixed by the Minister under section ten of the Act.

3. (1) All prices fixed by this Order are maximum prices and must not be exceeded. No charges for trucking, labour, services or any other matter whatsoever in addition to or other than those prescribed in the Schedule of this Order may be made by any person without written approval of the Administrator.

(2) Any consideration, money or money's worth given or paid by a buyer to any person or received by a seller from any person in connection with the sale of a hide or skin shall constitute part of the price of such hide or skin. Such consideration shall be deemed to include the furnishing by a buyer to or for the benefit of a seller of any labour, materials or services the value of which shall be computed at customary full rates whether or not lower rates are charged for or allowed in connection with the transaction. Customary commission or brokerage paid to or received by a broker shall not, however, be considered as or constitute part of the price of a hide or skin.

(3) Any dispute between a buyer and seller of hides or skins as to weight, type, quality or otherwise, shall be referred to the Administrator and his decision shall be final and binding upon all parties to the dispute and for all purposes.

4. (1) The maximum price at which a dealer, packer or tanner may buy or sell a hide or skin, according to its classification and its kind, type, quality and grade shall be the price for the same set forth in the Schedule of this Order.

(2) Where a hide or skin is sold by a Western dealer or packer to a Western tanner the maximum price shall be reduced by an amount equal to the freight charges, at gross weight without tare and at carload rate, payable on the shipment of a similar hide or skin when sold by that Western dealer or packer to an Eastern tanner.

(3) On every shipment of hides and skins sold to an Eastern tanner by a Western seller, he shall prepay the freight or allow for the same off the maximum price, at gross weight without tare and at carload rate.

(4) Every person who sells hides or skins to a tanner shall on every sale and concurrently with delivery furnish the tanner with an invoice and every such invoice shall show as a separate item the amount of freight allowance required to be made.

SALES TO EASTERN TANNERS

5. Every sale by any person of a hide or skin to an Eastern tanner shall be made only through a broker.

RECORDS OF TRANSACTIONS

6. (1) On Monday of each week every dealer shall report to the Administrator his sales of hides and skins made to tanners during the preceding week, except as to sales for which he holds a broker's confirmation. (2) On Monday of each week every broker shall report to the Administrator his purchases of hides and skins negotiated during the preceding week and shall accompany the report with a copy of each confirmation dispatched.

(3) On the first day of each month every tanner shall report to the Administrator his receipts of all hides and skins during the preceding month, by forwarding a copy of every invoice relating to such receipt.

MISCELLANEOUS PROVISIONS

7. Hides or skins shall not be purchased as packer hides or skins by any person unless and until he or his broker is advised by the Administrator that the plant or premises from which such hides or skins originate has been classified by the Administrator as a plant producing packer skins or hides of Class "A" or Class "B" or Class "C".

11. No person other than a dealer or a tanner shall buy any hide or skin. This Section shall not apply, however, to prevent a retail butcher buying a hide or skin from a farmer who slaughtered or had slaughtered for him the animal from which the hide or skin was removed.

12. Except with the written permission of the Administrator, no tanner shall tan, on a custom or other commission basis, any hide or skin not owned by him.

13. The provisions of this Order, except Sections 3 and 4, shall be subject to such written exemptions as the Administrator upon application to him may authorize in cases of individual hardship or other special circumstance.

Orders in Council

Order in Council re subsidy on milk used for fluid milk consumption

P.C. 274

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General in Council, 23rd January, 1945.

The Committee of the Privy Council have had before them a report, dated 9th January, 1945, from the Minister of Agriculture, representing:—

That Clause 4 of Order in Council P.C. 2709, dated the 2nd day of April, 1943, provided:

“That a Government subsidy of 25 cents per hundred pounds be paid on such milk used for fluid milk consumption as the Agricultural Food Board may with the concurrence of the Wartime Prices and Trade Board determine after consultation with Provincial Milk Boards or Commissions.”

That Order in Council P.C. 7142, dated the 10th day of September, 1943, rescinded clause 4 of P.C. 2709 and substituted the following therefor:

“That a Government subsidy of 55 cents per hundred pounds be paid, during the period from October 1, 1943, to April 30, 1944, on such milk sold by producer distributors and on such milk purchased by distributors for fluid milk consumption, as the Agricultural Food Board may direct, provided that in areas where the subsidy of 25 cents per hundred pounds authorized by P.C. 2709 is considered by the Agricultural Food Board to be adequate, the subsidy should be limited to that amount.”

That Order in Council P.C. 1082, dated the 24th day of February, 1944, authorized continuation of the payment of the said subsidy, with a revision in the rate, subsequent to the 30th day of April, 1944, as follows:

“That a Government subsidy of 35 cents per hundred pounds be paid during the period May 1, 1944, to September 30, 1944, and 55 cents per hundred pounds from October 1, 1944, to April 30, 1945, on such milk sold by producer distributors or purchased by distributors for fluid milk consumption as the Agricultural Food Board may direct, provided that in areas where 25 cents per hundred pounds is considered by the Agricultural Food Board to be adequate, the subsidy shall be limited to that amount.”

That it frequently happens that a proportion of the milk purchased by a distributor for fluid milk consumption is surplus to the immediate requirements of the fluid milk market, and is available for manufacture into ice cream, chocolate drink and other secondary products;

That it is considered desirable that the milk subsidy be paid, as the Agricultural Food Board may direct, on milk purchased by fluid milk distributors notwithstanding that some of such milk may be used for purposes other than fluid milk consumption; and

That there is some question as to whether the above Orders in Council, provide proper authority for such subsidy payments.

The Committee, therefore, on the recommendation of the Minister of Agriculture, advise that, with respect to P.C. 2709 of April 2, 1943, the words "used for fluid milk consumption" in clause 4 thereof be deleted and the words "purchased by fluid milk distributors" be substituted therefor, and that, with respect to clause 1 of P.C. 7142 of September 10, 1943 and clause 1 of P.C. 1082 of February 24, 1944, the words "distributors for fluid milk consumption" be deleted and the words "fluid milk distributors" substituted therefor.

Clerk of the Privy Council.

Order in Council permitting the R.C.A.F. and the Department of Transport to use Greenwich Mean Time in connection with aircraft flights

P.C. 435

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 23rd day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by Order in Council dated 26th January, 1942, P.C. 547, it was ordered that "the time for all purposes in Canada shall be one hour in advance of accepted standard time and that daylight saving time shall be observed by all persons, firms, corporations and public authorities, without exception, situated, resident or carrying on business in Canada";

And whereas the Acting Minister of National Defence for Air reports that the practice of having a common time zone throughout Canada in respect to the passage of messages relating to and the recording of aircraft movements is generally recognized by all flying personnel;

That due to Royal Canadian Air Force participation in both trans-oceanic flight and airway traffic control, it is considered that Greenwich Mean Time should be adopted for this purpose, and that it is therefore considered desirable that the Department of Transport and the Royal Canadian Air Force should be permitted to adopt Greenwich Mean Time for the passage of messages relating to and the recording of aircraft movements in and beyond Canada and for such other purpose in connection with aircraft movement and control as they may consider desirable;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Acting Minister of National Defence for Air, concurred in by the Minister of Transport, is pleased to order as follows:—

Notwithstanding the provisions of Order in Council dated 26th January, 1942, P.C. 547, the Royal Canadian Air Force and the Department of Transport, are hereby permitted to use Greenwich Mean Time where and when it is deemed advisable, in connection with the flight of aircraft in and beyond Canada.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council providing for the retention in munitions work of trained key workers who are in designated age classes under the Mobilization Regulations

P.C. 496

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 25th day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Labour reports that in order to ensure necessary production of essential munitions of war for the Armed Forces of Canada and allied countries, it is necessary to make further provision at this time to retain in establishments

manufacturing such munitions, certain trained key workers who are in the designated age classes under the Mobilization Regulations and for whom trained replacements cannot be obtained at this time;

And whereas it is deemed necessary by reason of the war, for the security, defence, peace, order and welfare of Canada and for the efficient prosecution of the war that the following order be made:

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour and under the authority of the War Measures Act, is pleased to make and doth hereby make the following Order:

O R D E R

1. In this Order, unless the context otherwise requires,

- (a) Expressions shall have the same meaning as in the National Selective Service Mobilization Regulations, 1944, and definitions contained in the National Selective Service Mobilization Regulations, 1944, shall apply;
- (b) "Director of National Selective Service" means the Director of National Selective Service appointed under the National Selective Service Civilian Regulations and includes any person designated by the Director of National Selective Service to act for him under this Order;
- (c) "War Industry Reservist" means a man in a designated age class fit for military service and employed in an industrial establishment at least eighty-five per cent of the production of which, as determined by the Department of Munitions and Supply, is for war purposes and who is employed in such establishment as a tradesman in, or as an apprentice with at least two years' experience in, any of the following occupational classifications, namely: draftsman, toolmaker, tool designer, or any other occupational classification hereafter designated by the Minister of Labour.

2. The Minister of Labour may, with the concurrence of the Minister of National Defence, from time to time by written order add to or subtract from the list of occupational classifications included in the definition of a War Industry Reservist contained in this Order.

3. A Mobilization Board, upon the report of the Director of National Selective Service that any designated man is a War Industry Reservist, shall grant to such man a postponement order for an unlimited period of time and no "Order—Military Training" shall be sent to such War Industry Reservist unless the Director of National Selective Service has given his consent in writing to the cancellation of such postponement order or has reported to the Mobilization Board that the man has ceased to be a War Industry Reservist.

4. If an "Order—Military Training" is sent contrary to the provisions of this Order, it shall be null and void if the person to whom it is sent delivers it to his employer and the employer returns the notice to the Registrar by whom it was sent.

5. Where there is any conflict between the provisions of this Order and provisions of the National Selective Service Mobilization Regulations, 1944, the provisions of this Order shall prevail.

A. D. P. HEENEY,
Clerk of the Privy Council.

P.C. 106/505

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 24th January, 1945.

The Board had under consideration a memorandum from the Honourable the Minister of National Revenue reporting that:—

Whereas Tariff Item No. 442, in effect June 27, 1944, reads as follows:—

Articles and materials which enter into the cost of manufacture of the goods enumerated in tariff items 409, 409a, 409b, 409c, 409d, 409e, 409f, 409g, 409j, 409k, 409o, and 439c, when imported for use in the manufacture of the goods enumerated in the aforesaid tariff items, or in the manufacture of parts therefor, under regulations prescribed by the Minister . . .

British Preferential Tariff.....	Free
Intermediate Tariff.....	Free
General Tariff.....	Free

(Memorandum Series D No. 47, T.C. 173);

Whereas articles and materials qualifying for entry under tariff item 442 are exempt from War Exchange Tax, effective April 1, 1944, under Order in Council P.C. 6651, August 22, 1944

(Memorandum Series D No. 47, T.C. 167 Revised);

And, whereas similar goods, imported by other than the manufacturer of agricultural implements or agricultural machinery or parts thereof are generally required to be duty and War Exchange Tax paid at the time of importation;

The undersigned, Minister of National Revenue, believing that the administration of said Tariff Item No. 442 would be facilitated by having any due adjustment effected by means of a drawback provision, respectfully recommends that, under the powers granted by Section 3 of the War Measures Act, authority be given for the payment of a drawback of 100 per centum of the Customs duty and War Exchange Tax paid on goods, imported or taken out of warehouse on and after June 27, 1944, and used in Canada in the manufacture of, or entering into the cost of articles and materials supplied to manufacturers of agricultural implements or agricultural machinery or parts therefor, for use as specified in Tariff Item No. 442, subject to the following conditions:—

- (1) The whole of the drawback shall be paid to the manufacturer of the goods so supplied;
- (2) The quantities of materials or articles used and the amount of Customs duties and/or War Exchange Tax paid thereon shall be ascertained;
- (3) Satisfactory evidence shall be furnished of the manufacture or use of the goods in respect of which drawback is claimed;
- (4) Claims for drawback submitted on and after June 27, 1944, shall be filed with the Collector of Customs and Excise and complete documentary evidence attached thereto and shall not be paid unless the Customs duties and/or War Exchange Tax involved have been paid on the goods within three years of the date of filing the claim, nor unless the claims as presented at any one time aggregate ten dollars or over;
- (5) Claims for drawback shall be made under oath before a Collector, Justice of the Peace or Commissioner for taking Oaths, in such form as the Minister of National Revenue shall prescribe and shall, before payment, be verified to the satisfaction of the Minister, who may require, in any case, the production of such further evidence, in addition to the usual averments, as he deems necessary to establish the bona fides of the claim. Nothing in these regulations shall be deemed to alter or amend the law, or to affect any discretion vested in the Minister with respect to the payment or non-payment of drawbacks, and the Minister shall be the sole judge as to whether any claim for drawback shall be paid in whole or in part;
- (6) Whenever it appears to the satisfaction of the Minister that the process of manufacture into which imported goods have entered has resulted in the production of saleable by-products, the drawback otherwise payable in respect of such imported goods shall be reduced by a sum proportionate to the value of such by-products; that is to say, by a percentage equivalent to the percentage value of the by-products in relation to the total value of the goods manufactured or produced, excepting that drawback claims filed in respect of bituminous coal converted into coke shall be paid in respect of the full

quantity of coal processed and represented in the coke covered by the drawback claim, without deduction for merchantable by-products or waste; and

Whenever it appears that the process of manufacture has resulted in the production of merchantable scrap or waste, drawback otherwise payable shall be reduced by a sum representing duties and/or taxes, to be arrived at by applying to the Canadian sales value of the merchantable waste or scrap, the prevailing rates of duties and/or taxes, if any, on merchantable waste or scrap of the same kind, if imported as such; provided the prevailing rates of duties and/or taxes, if any, on the merchantable waste or scrap are not in excess of the rates of duties and/or taxes applicable to the prime imported goods. If the prevailing rates for the merchantable waste or scrap, imported as such, are in excess of the rates applicable to the prime imported goods, the rates of duties and/or taxes applicable to the prime imported goods shall be used;

(7) The following documents shall be delivered with the claim for drawback, viz:

- (a) A copy of the import entry showing the payment of the Customs duties and/or War Exchange Tax on the goods in respect of which drawback is claimed. If a copy of the import entry, however, has been furnished with a previous claim for drawback it will be sufficient to "refer" to such copy and indicate the claim to which it was attached, without furnishing a further copy of the entry;
- (b) A certificate of importation, sale or transfer, in form prescribed by the Minister when the claimant entitled to drawback is not the importer of the goods;
- (c) A certified true copy of the claimant's invoice to the purchaser, with a certificate thereon, in the following terms from such purchaser, being a manufacturer of agricultural implements or agricultural machinery or parts therefor acceptable to the Minister and signed by a responsible official, viz:

The herein enumerated goods have been received and are to be used in our plant exclusively in the manufacture of the articles specified in tariff items 409, 409a, 409b, 409c, 409d, 409e, 409f, 409g, 409j, 409k, 409o and 439c, or in the manufacture of parts therefor, and not for any other purpose.

P.C. 507

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 25th day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Transport represents that applicants for Masters' Certificates of Competency for cargo or passenger steamships in the Home Trade, have been prevented by the exigencies of war from taking the examination for the Mate's Certificate Home Trade at the earliest date at which they were qualified to do so; and

That it is desirable that the watchkeeping service performed by such applicants after the date on which they become qualified for the Mate's Certificate Home Trade, be counted as officer's service to qualify for the Master's Certificate Home Trade;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Transport, and under the authority of the War Measures Act, Chapter 206, of the Revised Statutes of Canada, 1927, is pleased to make the following regulation and it is hereby made and established accordingly,—

REGULATION

Notwithstanding the provisions of paragraphs 4, 41 and 51, of the Canadian Regulations relating to the examination of Masters and Mates for Certificates of Competency for Home Trade vessels, a candidate who can produce documentary evidence that he has been prevented by the exigencies of war from taking the examination for the Mate's Certificate of Competency Home Trade at the earliest date at which he was qualified to do so, may be allowed to count any qualifying watchkeeping service which he has performed after that date, as officer's service for the Master's Certificate of Competency for cargo or passenger steamship in the Home Trade.

THURSDAY, the 25th day of January, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Regulations Respecting Motor Vehicles were established by Order in Council P.C. 1121 of February 13, 1941;

And whereas the Acting Minister of Munitions and Supply states that a typographical error was made in Order in Council P.C. 3000 of May 4, 1943, amending the said Regulations, the effect of which error was to make a duplication of certain definitions set out in Section 1 thereof; and

The Director of National Selective Service has brought to our attention the fact that a considerable number of men subject to the National Selective Service Mobilization Regulations have been departing from Canada without the required permission of a Chairman or a Deputy Chairman of a Mobilization Board. In accordance with the specified percentage shown in Section 3 (1) (b) for a reconditioned truck over four years and up to five years, take fifty-five per cent of this sum which gives the maximum selling price of the truck as \$1,063.04).

- (c) Where the age of a body is different from that of the chassis, the age of the chassis shall determine the percentage to be taken under paragraph (b) next preceding, to ascertain the maximum selling price of the commercial vehicle.
- (d) For trucks not listed in Schedule "A" or Schedule "B", the price to be taken shall be the price set out in Schedule "B" for the truck of a make and model most nearly similar to the truck being sold, or offered for sale. Any vendor or purchaser who is in doubt as to which is the make or model most nearly similar to any commercial vehicle shall refer the matter to the Administrator before making any sale or offer.

(2) The maximum price at which a dealer may sell a used commercial vehicle which is not a reconditioned commercial vehicle and the maximum price at which any person other than a dealer may sell any used commercial vehicle shall be the maximum price as fixed by subsection (1) for a reconditioned commercial vehicle of the same make, model, body type and model year less an amount equal to the cost of putting such used commercial vehicle into good operating condition but in no event shall the price exceed ninety per cent (90%) of the said maximum price as fixed by subsection (1).

Purchaser Must Not Pay More than the Maximum Price

4. No person shall buy a used commercial vehicle at a price which he knows or has reason to believe is in excess of the maximum prices fixed by Section 3 of this Order.

Additional Payments and Consideration

5. Any commission, reward, premium or other payment or consideration of any kind in money or money's worth (including any motor vehicle or goods traded in or taken in exchange) claimed, stipulated for, taken or made directly or indirectly by or to any person in connection with or arising out of the sale, purchase or disposition of a used commercial vehicle shall be and form part of the price at which such vehicle is bought, sold or disposed of.

Used Commercial Vehicles to be Tagged by Dealers

6. (1) Each dealer shall conspicuously display on every used commercial vehicle in his possession or under his control, a tag clearly showing its make, model, wheel-base, rated capacity, type, body, model year, and extras (including any spare tire and tube), and stating whether or not it is a reconditioned commercial vehicle and in each case the proposed sale price thereof, which shall not exceed the appropriate maximum price permitted by this Order, and in the case of a vehicle which is not a reconditioned commercial vehicle the tag must show the estimated cost of putting that vehicle into good operating condition. The tag shall not be smaller than 3 inches by 5 inches.

(2) The provisions of subsection (1) shall not apply to a used commercial vehicle delivered to a dealer by or on behalf of its owner, for repairs or storage, or to a used commercial vehicle owned and operated by a dealer for his personal use or as a service vehicle, during the period of such repair, storage or operation as the case may be.

(3) No dealer shall tag or sell a used commercial vehicle as a reconditioned commercial vehicle unless it is in good operating condition.

Dealers Required to Sell Used Trucks for Cash in Certain Cases

7. (1) A person

- (a) who is not a dealer and has not sold or disposed of a truck during the preceding four calendar months; and
- (b) who needs to obtain a used truck for an essential purpose; and
- (c) who does not own or operate or have the privilege of operating a truck which is sufficient for such essential purpose; and
- (d) who, if he obtains a used truck will in respect of that truck be in one of classes A, B or C under Order No. 4 of the Rubber Controller, as amended,

may make application on a form provided by the Board, to the Tire Rationing Officer at the nearest office of the Board for a certificate of essentiality entitling him to acquire, if available, one used truck for cash.

(2) The Tire Rationing Officer may require such person to furnish additional information and may in his discretion approve the application and issue to such person a certificate of essentiality which shall be valid for a period of fifteen days or such other period as may be prescribed on the certificate by the Tire Rationing Officer. A certificate of essentiality shall not be transferable.

(3) A person who within the period prescribed, presents to a dealer a certificate of essentiality purporting to have been issued by a Tire Rationing Officer and who is ready and willing to purchase a used truck for sale in the possession or control of such dealer and to pay in cash the maximum price or the tagged price if lower, shall be entitled to acquire it for that price in cash and the dealer, shall sell it to that person without requiring that person, as a condition of his right to acquire the truck, to exchange or trade in any other used motor vehicle or goods or to furnish any consideration other than the proposed selling price in cash.

Valuation of Used Motor Vehicles which are Traded in to be Fair and Reasonable

8. Every person who takes or accepts any used motor vehicle in exchange for, as a trade-in, or as part of the purchase price of a used commercial vehicle shall allow a reasonable and just valuation on the used motor vehicle so traded in or exchanged having regard to the condition of such used motor vehicle when traded in or exchanged, but in no event exceeding the lawful maximum price at which such motor vehicle may be sold.

Advertisements of Used Trucks

9. (1) Any person, other than a dealer, who advertises or offers in writing any used truck for sale, shall state in such advertising or offer the name and address of the owner, and the location, make, model, wheelbase, rated capacity, type, body and model year of such truck, extras (including any spare tire and tube), and the proposed sale price of the truck, which shall not exceed the maximum price permitted by this Order. Such person shall sell such truck for cash to a person who presents, within the period prescribed, a certificate of essentiality purporting to have been issued pursuant to Section 8, by a Tire Rationing Officer, and who is ready and willing to pay in cash the price at which such used truck has been advertised or offered in writing.

(2) Any dealer who advertises a used truck for sale shall state in the advertising his name and the address at which the used truck may be inspected.

Written Statement of Sales to be in Triplicate and to be Filed with the Board

10. Any person who sells a used commercial vehicle shall make in writing a statement of the sale, in the form set out in Schedule "E" to this Order, and such statement shall be signed by the seller and the purchaser and by a witness to each signature. The statement shall be executed in triplicate and one signed copy, together with any certificate of essentiality accepted by the seller from the purchaser, shall

be filed by the seller, within four days, with the nearest office of the Board and the seller shall keep a record showing the Board office with which such statement and certificate, if any, have been filed.

Dealer's Implied Warranty

11. On every sale by a dealer of a reconditioned commercial vehicle or of a commercial vehicle which is described as reconditioned in the statement of sale, there is hereby imposed, as a term or condition of the sale, an implied warranty by the dealer that the said vehicle and its extras are in good operating condition and that the dealer will forthwith, upon demand in writing made within thirty days after the delivery of the said vehicle to the purchaser and not otherwise, supply all labour necessary to put the vehicle and its extras in good operating condition and in so doing will replace all worn, defective, broken and missing parts and attachments thereof that are necessary for the due performance of the said vehicle at not more than fifty per cent of his lawful maximum price for such labour, parts and attachments; provided, however, that this warranty does not extend to accessories, tires, tubes, paint, glass, upholstery, or to any repairs or replacements made necessary by an accident or by misuse or negligence on the part of the purchaser.

Administrative Powers

12. The Administrator may from time to time require any person owning or having possession, control or power to dispose of any used commercial vehicle to deal with, use, dispose of or supply all or any of such vehicle to such person or persons as he may specify and at such time or times and place or places and upon such terms and conditions as he may specify.

Records to be Kept

13. Each dealer shall keep and produce to the Administrator or any representative of the Board on request a full and complete record of any used commercial vehicle which he owns on January 2, 1945, or subsequently acquires, which record shall show:

- (a) price paid by him for each vehicle and how, when and to whom such price was paid;
- (b) all extras included with each vehicle;
- (c) make, model, wheelbase, rated capacity, type, body, and model year of each vehicle;
- (d) a detailed list of repairs made by him or on his behalf to each vehicle and expenses chargeable to each vehicle;
- (e) the statement of sale required under Section 10 as each vehicle is sold;
- (f) such other information as may from time to time be required by the Administrator.

Other Transactions Covered by this Order

14. This Order shall extend and apply to the sale of a used commercial vehicle by any person as his personal or household effect, and to an isolated sale of any such vehicle by any person not in the business of selling motor vehicles and to the sale of a commercial vehicle by auction.

Dealers Must Hold Permits

15. (1) From and after March 31, 1945, no person who is not the holder of a valid permit issued to him by the Administrator in respect of each place of business operated by him shall (a) carry on the business of selling used commercial vehicles, or (b) purchase or acquire any used commercial vehicles except for his own personal use or to the extent that he may be authorized in writing under subsection (4) of this Section to acquire any such vehicle as a trade-in.

(2) Every person carrying on the business of buying or selling used commercial vehicles on January 2, 1945, and who desires to continue in such business after March 31, 1945, shall on or before February 10, 1945, make a return to the Administrator on a form provided by the Board; and every person who desires to commence such business after January 2, 1945, shall make application to the Administrator on a form provided by the Board, for a permit.

NOTE: Forms may be obtained at the nearest office of the Board.

(3) If the Administrator is satisfied that the person making the return has adequate facilities for repairing and reconditioning used commercial vehicles, the Administrator may issue in respect of each place of business operated by that person, a permit to that person to carry on business as a dealer and such permit shall at all times be prominently displayed in that place of business. If the Administrator is not satisfied that a permit should be issued he may decline to issue one.

(4) Any person who fails to make the return required by subsection (2) or to whom notice is given that a permit will not be issued, shall not dispose of any commercial vehicle on hand or acquire any additional commercial vehicle except on such terms and conditions as the Administrator may prescribe.

Exemptions

16. The provisions of this Order shall be subject to such written exemptions as the Administrator may grant, upon application to him in such special cases as he deems proper.

Dated at Ottawa, this 6th day of January, 1945.

E. R. BIRCHARD,
Administrator of Motor Vehicles and Parts.

APPROVED:

D. GORDON,
Chairman, Wartime Prices and Trade Board.

WARTIME PRICES AND TRADE BOARD

ADMINISTRATOR'S ORDER No. A-1516

Nicotine

Under powers given by the Wartime Prices and Trade Board to the Administrator of Fertilizers and Pesticides, it is hereby ordered as follows:—

Application of the Order.

1. This Order comes into force on February 1, 1945.

2. For the purposes of this Order "Nicotine" means the product containing the nicotine alkaloid base obtained from the tobacco plant or produced synthetically and includes nicotine sulphate and other nicotine compounds. It also means any pest control product containing nicotine in any form.

Nicotine is produced principally outside of Canada. It is essential for the control of certain insects on tree fruits. Under normal conditions, it is also largely used in the control of other insects which, however, can be satisfactorily controlled by other means. It appears that the normal supply of nicotine for use in Canada will be seriously reduced. It is accordingly imperative and in the national interest that much of the supply available shall be used for the control of insects on tree fruits and that the remainder shall be distributed on an equitable basis among previous users. The purpose of this Order is to give effect to these plans.

Inventories of Importer's Stocks to be Reported.

3. Every importer of nicotine who, at the close of business on the 31st day of January, 1945, has in his possession or under his control any stock of nicotine shall, on or before February 10, 1945 report in writing to the Administrator of Fertilizers and Pesticides, c/o Wartime Prices and Trade Board, Ottawa, Canada, the inventory of such stock, the location at which the same is held and the form (liquid or solid and strength of material) and the size of the container in which it is held, together with such further or other information as the Administrator may require.

4. Every importer of nicotine who, after the 31st day of January, 1945 imports or otherwise obtains possession or control of nicotine shall forthwith thereafter report in writing to the Administrator full particulars thereof in the same manner provided in Section 3 herein.

Prohibitions Against Dealing in Nicotine Except Under Permit.

5. Until otherwise authorized in writing by the Administrator, every importer shall maintain the nicotine which is in his possession or under his control intact in the same condition and in the same container, bottle or package in which it was at the close of business on January 31, 1945 and nicotine which is thereafter imported or acquired shall be maintained intact in the same condition and in the same container, bottle or package in which it is when imported or acquired.

6. No importer shall sell, deliver or dispose of any nicotine to any person until he has received from the Administrator a direction in writing authorizing or requiring sale or delivery.

Authorizations and Permits.

7. Applications for authorizations shall be made to the Administrator. The applicant shall give such information and assurances and shall enter into such undertakings as the Administrator may from time to time require. Every authorization shall be subject to such conditions and directions as the Administrator may impose or require.

8. Authority with respect to authorizations may be exercised by the Director of Pesticides in, the name of the Administrator.

Records.

9. Every importer and manufacturer who deals in, processes, uses or sells nicotine, shall keep a complete written record of the dealings including the quantities used in every such process, use or sale. The record shall, upon request, be made available for inspection by any authorized representative of the Board at any time within 12 months of the date of the transaction to which it relates.

Exemptions.

10. The provisions of this Order are subject to such written exemption as the said Administrator, upon application to him, may grant in any individual case of undue hardship or other special circumstances.

Dated at Ottawa this 29th day of January, 1945.

G. S. PEART,
Administrator of Fertilizers and Pesticides.

APPROVED:

D. GORDON,
Chairman, Wartime Prices and Trade Board.

P.C. 790

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 6th day of February, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Order in Council P.C. 8823, dated November 21, 1944, exempted imports of "cumene bottoms (composed of polymers of isopropyl benzol) when imported for use in the manufacture of cumene" from customs duty, war exchange tax and special excise tax, effective September 1, 1944;

And whereas the Minister of Finance reports that cumene is used as a blending agent for making aviation gasoline and is manufactured from cumene bottoms by Polymer Corporation Limited;

That benzol is also used in the manufacture of cumene;

That the supply of benzol in Canada is limited but the United States Government has agreed to supply the quantity of benzol required in order to permit Polymer Corporation to produce in its ethylbenzene plant the maximum quantity of cumene possible;

That all the cumene produced in Canada by Polymer Corporation will be exported to the United States and admitted duty free into that country;

That the benzol supplied by the United States Government agencies would appear to be dutiable at the Canada-United States Trade Agreement rate of 20 p.c. ad valorem and subject to the war exchange tax of 10 p.c. ad valorem; and

That the National interest would be best served in the present emergency if imports of benzol for the manufacture of cumene were exempt from customs duty and war exchange tax.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, is pleased to revoke and doth hereby revoke Order in Council P.C. 8823, of November 21, 1944, effective January 15, 1945.

WARTIME PRICES AND TRADE BOARD

ORDER No. 479

Acquisition of Goods for Overseas

Explanatory Note: The Board has been entrusted by the Government with responsibility for the maintenance of orderly production and distribution of essential civilian requirements. Unco-ordinated appeals by relief agencies for donations of clothing and other goods for despatch to other countries are threatening seriously to disorganize the programme of the Board to provide for essential domestic needs after Canadian commitments for vital war supplies and the requirements of United Nations Relief and Rehabilitation Administration have been furnished. It is imperative, therefore, that public appeals and purchases in Canada by or on behalf of all relief agencies be co-ordinated so as to ensure that humanitarian effort will harmonize with other essential requirements and that the best results for all claimants upon Canadian supplies will be achieved.

Therefore, at the request of the Government and under powers conferred by the Wartime Prices and Trade Regulations, Order in Council P.C. 8528 of November 1, 1941, as amended, the Board hereby orders as follows:

1. Except with the previous permit in writing granted under Section 2 of this Order, no person, association or institute under whose auspices a War Charity Fund registered under the War Charities Act is being raised or is proposed to be raised, shall, on or after February 6, 1945, for any purpose other than for distribution in Canada or to Canadian Armed Forces or merchant seamen under existing arrangements,

- (a) directly or indirectly solicit or make any appeal to the public or any members thereof for the donation of any goods, new or used, or
- (b) purchase or otherwise acquire any goods, new or used.

2. (1) All applications for a permit shall be made to the Director of Voluntary War Relief, Department of National War Services, and shall be on a form provided by such Director.
- (2) The Director may, with the advice and the concurrence in writing of the Wartime Prices and Trade Board, issue, amend or cancel any permit, or may decline any permit.
- (3) A permit if issued shall be issued to the persons constituting the committee or other body referred to in clause (a) of Section 5 of the War Charities Act.
- (4) Any permit issued under this Section shall specify the terms or conditions to which it shall be subject.
3. (1) Every person named in a permit issued under Section 2 shall comply with all terms and conditions set forth in the permit and shall cause all other persons soliciting or acquiring goods for the War Charity Fund to comply with such terms and conditions.
- (2) Records shall be kept and reports shall be made as may be required by the said Director from time to time.
4. All committees or bodies referred to in clause (a) of Section 5 of the War Charities Act administering a War Charity Fund registered before February 6, 1945, shall, not later than February 21, 1945, report to the said Director, in form satisfactory to him, the quantity of each kind of goods in the possession or control of such Fund on February 6, 1945.

5. This Order shall come into force on February 6, 1945.

Made at Ottawa, February 5, 1945.

Order in Council prohibiting the importation of nicotine and nicotine insecticides except under permit

P.C. 826

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 9th day of February, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports that prospective supplies of nicotine and nicotine insecticides available for importation into Canada are insufficient to fill all normal requirements;

That other insecticides are satisfactory substitutes for some purposes but not for the control of insects on tree fruits; and

That it is deemed advisable to provide for control over importations of nicotine and nicotine insecticides in order that the limited supplies available may be allocated equitably for essential purposes rather than dissipated in uses which can be filled by substitutes;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance and under the authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order that the importation into Canada of the goods enumerated hereunder be and it is hereby prohibited except under and in accordance with the terms of a permit issued by, or on behalf of, the Minister of National Revenue:

Order in Council re entry into Canada of dependents of members of the Canadian Armed Forces.

P.C. 858

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 9th day of February, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Mines and Resources, with the concurrence of the Secretary of State for External Affairs, and with the approval of the Cabinet War Committee, reports that it is desirable to facilitate entry into Canada of dependents of members of the Canadian Armed Forces and, where the said members are Canadian citizens or have Canadian domicile, to provide such dependents with the same status; and

That the medical examination overseas of dependents of members of the Canadian Armed Forces establishes, in some instances, that the person examined is not admissible to Canada under the provisions of the immigration laws of Canada.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources, with the concurrence and approval aforesaid, and under the authority of the War Measures Act, Chapter 206 of the Revised Statutes of Canada, 1927, and notwithstanding any other law of Canada relating to immigration, is pleased to make and doth hereby make the following Order:—

ORDER

1. In this Order, unless the context otherwise requires:

- (a) "dependent" means the wife, the widow or child under eighteen years of age of a member or former member of the Canadian Armed Forces who is serving or who has served outside Canada in the present war;
- (b) "approved medical practitioner" means a doctor of medicine approved by the Immigration Medical Service of the Department of National Health and Welfare.

2. Every dependent applying for admission to Canada shall be permitted to enter Canada and upon such admission shall be deemed to have landed within the meaning of Canadian immigration law.

3. Every dependent who is permitted to enter Canada pursuant to section two of this Order shall for the purpose of Canadian immigration law be deemed to be a Canadian citizen if the member of the forces upon whom he is dependent is a Canadian citizen and shall be deemed to have Canadian domicile if the said member has Canadian domicile.

4. Before proceeding to Canada the dependent shall be examined by a medical officer in the service of the Government of Canada or an approved medical practitioner and on request the Chief Officer of the Medical Immigration Service shall be furnished with full particulars of the medical examination of the dependent and such particulars may be transmitted to the Public Health Service of the Province to which the dependent is destined, with a view to securing necessary treatment and as a protection to public health.

5. In any case in which medical examination discloses that a dependent is suffering from an infectious or contagious disease, or a disease which may become dangerous to the public health, or that travel would be dangerous to the dependent in his present condition, the admission to Canada of such dependent may be deferred until the production of a medical certificate from an approved medical practitioner establishing that the condition of the person concerned is not infectious or contagious and that he may travel with reasonably safety.

6. In any case in which a medical certificate is furnished by an approved medical practitioner who is not in the service of the Government of Canada, the cost shall be paid at the approved rate by the Immigration Branch, Department of Mines and Resources, out of the War Appropriation.

7. Order in Council P.C. 7318 of the twenty-first day of September, 1944, is hereby revoked.

Order in Council amending the Wartime Industries Control Board Regulations

P.C. 897

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 13th day of February, 1945.

PRESENT :

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Munitions and Supply represents that it is desirable to amend the Wartime Industries Control Board Regulations established by Order in Council P.C. 3 of January 4, 1944 as amended in order to apply the provisions of the Criminal Code relating to search warrants to offences against the said Regulations in the same way as Order in Council P.C. 385 of January 18, 1945 applied the said provisions to offences under the Wartime Prices and Trade Regulations;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply, and under the authority of the War Measures Act, is pleased to amend the said regulations and they are hereby further amended by adding to Section 15 thereof the following subsection:

“(7) All provisions of the Criminal Code relating to search warrants shall extend to and be applicable in respect of every offence against these Regulations that has been or is suspected to have been committed.”

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council re settlement of claims under munitions contracts terminated prior to completion

P.C. 929

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 13th day of February, 1945.

PRESENT :

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas The Department of Munitions and Supply Act confers upon the Minister of Munitions and Supply extensive powers in relation to munitions of war and supplies and defence projects, as defined in the said Act, and the procurement and disposal of the same, and authorizes the said Minister to do all such things as appear to him to be incidental to or necessary or expedient for the exercise of any of the powers conferred upon him by the said Act or by the Governor in Council;

And whereas the Minister of Munitions and Supply reports that substantially every contract entered into or placed by the Minister of Munitions and Supply in the name of or on behalf of His Majesty provides that the Minister may terminate such contract, or the work to be performed thereunder, in whole or in part before completion, and that in such event the contractor will be reimbursed for work performed under the contract so terminated;

That the following Orders in Council, *inter alia*, have heretofore been passed and are now in force, granting certain powers and authorities to the Minister of Munitions and Supply with respect to the settlement of termination claims under munitions contracts (as defined in The Department of Munitions and Supply Act) which are terminated before completion;

<i>P.C. Number</i>	<i>Date</i>	<i>Subject Matter</i>
5452	July 9, 1943	Authorizing interim or partial payments in advance of final settlement.
9018	November 23, 1943	Authorizing payment of costs, including post-termination costs, arising as a result of termination but not wholly or directly apportionable to the terminated contract.
136	January 21, 1944	Authorizing settlement of termination claims by negotiation and agreement.
8396	November 1, 1944	Authorizing settlements with prime contractors under a group of terminated contracts.
8397	November 1, 1944	Authorizing settlements, in certain cases, with subcontractors, either under individual subcontracts or under a group of subcontracts which have been terminated before completion.

That under existing procedure with respect to payments under munitions contracts entered into or placed by the Minister of Munitions and Supply in the name of His Majesty, all payments in respect of termination claims under any such contracts are made by the Department, Board or Agency which has requisitioned the supplies forming the subject matter of such contract, and to which it is intended that the completed supplies will be delivered, such payments being made out of funds made available to such Department, Board or Agency, as the case may be, by authority of Parliament;

That for the purpose of facilitating and expediting the settlement and payment of termination claims under munitions contracts, and the use or disposal of materials and other property the title to which becomes vested in His Majesty as a result of or as incidental to such settlements, it is advisable and in the public interest that authority be granted as follows:—

(1) That all payments under or in respect of any settlement of a termination claim under a munitions contract which is terminated in whole or in part before completion be made by the Department of Munitions and Supply, and that allotments of funds for this purpose be made from time to time to the Department of Munitions and Supply out of the Special War Appropriation;

(2) That the Minister of Munitions and Supply be authorized to take possession, custody and control of all materials, work in process, jigs, tools, dies, fixtures and gauges, and other property belonging to His Majesty or which shall become the property of His Majesty as the result of or as incidental to any settlement of a termination claim under a terminated munitions contract, and to deal with and dispose of all such items in accordance with the procedure now or hereafter established for such purpose.

And whereas the Minister further reports that the proposed procedure will not entail any additional charges to the Special War Appropriation in view of the fact that the funds originally allotted for the payment of the supplies to the Department, Board or Agency, as the case may be, which requisitioned the supplies forming the subject matter of the terminated contract, will, to the extent that the same are not required for the payment of the supplies delivered to and accepted by such Department, Board or Agency, be returned to the Special War Appropriation.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply, concurred in by the Minister of Finance and the Minister of National Defence, and under and by virtue of the powers conferred by the War Measures Act and The Department of Munitions and Supply Act and other enabling powers, is pleased to order and it is hereby ordered as follows:

(a) All payments under or in respect of any settlement of a termination claim under a munitions contract which is terminated in whole or in part before completion shall be made by the Department of Munitions and Supply, and allotments of funds for this purpose shall be made from time to time to the Department of Munitions and Supply out of the Special War Appropriation.

- (b) In making settlement of a termination claim the Minister of Munitions and Supply shall have regard to, and shall take into account, any progress payments or accountable advances made by the Government prior to such termination, which are properly allocable to the terminated portion of the contract, and the amount thereof shall be repaid or credited by the Department of Munitions and Supply to the Department, Board or Agency which originally made such progress payments or accountable advances.
- (c) The Minister of Munitions and Supply is hereby authorized to take possession, custody and control of all materials, work in process, jigs, tools, dies, fixtures and gauges, and other property belonging to His Majesty or which shall become the property of His Majesty as the result of or as incidental to any settlement of a termination claim under a terminated munitions contract, and to deal with and dispose of all such items in accordance with the procedure now or hereafter established for such purpose.

Clerk of the Privy Council.

**Order in Council re sale of Crown property (land and buildings)
 not fully utilized for war production, etc.**

P.C. 941

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 13th day of February, 1945.

PRESENT:

HIS EXCELLENCY,

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Reconstruction and Minister of Munitions and Supply, report:

That by Order in Council P.C. 7909, of October 10, 1944, provision was made for the sale, on certain conditions, of Crown owned production equipment, which, while not unnecessary for war production, is not, and is not likely to be, fully utilized for war production;

That certain other Crown owned property, particularly land and buildings, is in a similar position, and in many cases such land and buildings are intermingled with the lands and buildings of a particular contractor, the whole being used or partially used for war production;

That certain contractors have indicated that they desire at the present time to purchase such Crown owned land and buildings in order that their plants may be integrated, and further, that they are prepared to make such purchase subject to conditions to the effect that, until the termination of the war, such land and buildings will not be disposed of by them without the consent of the Minister of Munitions and Supply, and will be held available for use for purposes connected with war production;

That by virtue of the provisions of the Surplus Crown Assets Act, the Department of Reconstruction is vested with the sole authority to dispose of surplus Crown assets, as therein defined, and is equipped to negotiate and complete the sale of Crown property;

That the land and buildings above referred to are not surplus Crown assets within the meaning of the said Act, but it is not deemed advisable for the Department of Munitions and Supply and the Department of Reconstruction to proceed simultaneously and independently with sales of similar types of Crown assets;

That it is accordingly proposed, subject to the approval of the Governor in Council, to institute the following procedure:—

1. Upon the request of the Department of Munitions and Supply the Department of Reconstruction will proceed with negotiations for the sale of any Crown property under the administration of the Department of Munitions and Supply, and, if such negotiations are successful, will complete such sale;

2. Any such sale is to be made subject to such terms and conditions and restrictions as may be specified in the request from the Department of Munitions and Supply to the Department of Reconstruction;

3. Upon the completion of any such sale the Department of Reconstruction will so notify the Department of Munitions and Supply. Any Crown property so sold is to be dealt with on the books of the Department of Munitions and Supply as if such property had been reported as surplus Crown assets under the Surplus Crown Assets Act, and the proceeds of any such sale are to be dealt with as if it were a sale of Crown property under the administration of the Department of Reconstruction;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Reconstruction and the Minister of Munitions and Supply, and under and by virtue of the powers conferred by The Department of Munitions and Supply Act, The Department of Reconstruction Act and the Surplus Crown Assets Act, is hereby pleased to approve the above procedure and to authorize the Department of Munitions and Supply and the Department of Reconstruction to proceed in accordance therewith.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council re medical examination of personnel ceasing to be members of the naval or air forces who are considered fit for military training.

P.C. 944

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 13th day of February, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas section 6B of The National Selective Service Mobilization Regulations, 1944, as amended, made provision for the service of "Order-Military Training" on designated men who will soon cease to be members of His Majesty's Canadian naval or air forces on active service and who are considered fit for military training;

And whereas the Minister of Labour reports that it is considered advisable at this time to amend the said section 6B of The National Selective Service Mobilization Regulations, 1944, to provide for medical examination for which provision is made in the National Resources Mobilization Act (Army) Regulations 1943, of designated men who will soon cease to be members of His Majesty's Canadian naval or air forces on active service prior to discharge from such service; and

That, by reason of the war, it is necessary for the security, defence, peace, order and welfare of Canada and for the efficient prosecution of the war, to amend The National Selective Service Mobilization Regulations, 1944, in the manner hereinafter set forth:

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour, and under the authority of the War Measures Act and the National Resources Mobilization Act, 1940, is pleased to amend The National Selective Service Mobilization Regulations, 1944, (Order in Council P.C. 1355 of March 4, 1944), and they are hereby further amended, as follows:—

Section 6B is amended by adding thereto the following as sub-sections one and two thereof:

"(1) Every member of His Majesty's Canadian naval or air forces on active service who will soon cease to be a member of such force shall, when ordered so to do by the appropriate Naval or Air Force authorities, as the case may be, report at a military centre for the purpose of being medically examined to ascertain if,

in the opinion of the appropriate Canadian Army medical authorities, he is fit for military training and such medical examination shall constitute and shall be deemed to be the medical examination for which provision is made in the National Resources Mobilization Act (Army) Regulations 1943.

(2) All orders given or issued by the appropriate Naval or Air Force authorities pursuant to the provisions of this Regulation shall be deemed to be lawful orders given by a superior officer, disobedience of which shall constitute the offence of disobedience of a lawful command under the Naval Discipline Act and the Air Force Act, and the said Acts shall, as part of the law of Canada, be construed accordingly."

and the present sub-sections one and two thereof are renumbered as sub-sections three and four thereof.

Clerk of the Privy Council.

COAL CONTROLLER

ORDER No. COAL 16

(Contracts for Bituminous Coal Imported via Great Lakes)

Dated February 8, 1945

Solid Fuels Administration for War Regulation No. 25 issued January 20, 1945, governs the making of contracts for and the delivery of United States bituminous coal moving via the Great Lakes to users and distributors. The purpose of this Order is to enable Canadian users and distributors to obtain coal from the United States in conformity with this Regulation.

Therefore, pursuant to the powers conferred by Order in Council P.C. 1752 of March 5, 1943 and any other Order in Council or Statute, it is hereby ordered as follows:—

1. DEFINITIONS.

For the purposes of this Order, unless the context otherwise requires,

- (a) "coal" means bituminous or subbituminous coal produced in the United States of America.
- (b) "lake shipper" means any person who purchases coal for vessel movement via the Great Lakes to the extent that he resells such coal to a receiver or to another lake shipper.
- (c) "commercial dock operator" means any person who purchases coal for resale to the extent that he receives such coal by vessel or barge via the Great Lakes at any dock or other unloading facility.
- (d) "industrial consumer" means any person who buys coal for use in an industrial plant.
- (e) "receiver" means
 - (a) any commercial dock operator; and
 - (b) any industrial consumer (including a railroad or steamship company) to the extent that he receives such coal by vessel or barge via the Great Lakes at any dock or other unloading facility.

2. SCOPE OF ORDER.

This Order does not apply to "Special Purpose Coal", which coal is to be

- (a) charged into by-product ovens for the production of coke for metallurgical uses, or for the production of gas or for the recovery of by-products; or
- (b) used for metallurgical processes (except for foundry facings) in which the coal or its products or combustion come in direct contact with the metal during the processing; or
- (c) used for the production of manufactured gas in gas retorts or in water gas sets; or

- (d) used as a raw material, because of special chemical or physical characteristics, to form a component part of chemicals, or used directly in a chemical process; or
- (e) used for the production of beehive coke.

3. CONTRACTS REQUIRED.

(1) No person shall purchase any coal from a United States supplier for shipment via the Great Lakes from the United States during the 1945 season of lake navigation, and no lake shipper shall buy any coal during the 1945 season of lake navigation, except pursuant to a written contract made and reported in accordance with the provisions of this Order;

(2) No receiver shall take delivery of any coal via the Great Lakes during the 1945 season of lake navigation by vessel or barge at any dock or other unloading facility, except pursuant to a written contract made and reported in accordance with the provisions of this Order;

(3) No industrial consumer shall receive during the period May 15, 1945 to May 15, 1946, any coal ex-lake dock except pursuant to a written contract made in accordance with the provisions of this Order.

4. TERMS OF CONTRACTS.

(1) *Contracts by purchasers from U.S. suppliers and by lake shippers.*

Each contract for the purchase of coal from a United States supplier and each contract for the purchase of coal by a lake shipper required by subsection (1) of Section 3 of this Order, shall be in writing (formal or informal) and shall

- (a) be made, as to contracts for the purchase of coal from a United States supplier, on or before February 20, 1945; and as to contracts for the purchase of coal by a lake shipper, on or before February 26, 1945;
- (b) be a firm undertaking for the seller to supply and the buyer to accept a stated tonnage of coal;

(2) *Contracts with receivers.*

Each contract for the shipment of coal to a receiver required by subsection (2) of Section 3 of this Order shall be in writing (formal or informal) and shall,

- (a) be made on or before February 26, 1945;
- (b) be a firm undertaking by the shipper to supply and the receiver to accept a stated tonnage of coal;
- (c) conform to the provisions of Sections 5 or 7 of this Order.

(3) *Contracts for ex-lake dock shipments to industrial consumers.*

Each contract for the shipment of coal ex-lake dock to an industrial consumer required by subsection (3) of Section 3 of this Order shall be in writing (formal or informal) and shall,

- (a) be a firm undertaking for the shipper to supply and the industrial consumer to accept a stated tonnage of coal;
- (b) conform to the provisions of Section 6 of this Order.

5. AMOUNT OF COAL WHICH INDUSTRIAL CONSUMERS WHO ARE RECEIVERS MAY CONTRACT TO RECEIVE.

No industrial consumer shall contract to receive by vessel or barge via the Great Lakes at any dock or other unloading facility during the 1945 season of lake navigation, an amount of coal which, when added to his estimated receipts to May 15, 1946 from all other sources and by all other methods of transportation, is greater than his consumption requirements from May 15, 1945 to May 15, 1946.

If the coal on hand on March 1, 1945 and shipments arranged to be received from all sources prior to May 15, 1945, are not sufficient to enable the consumption requirements to May 15, 1945 to be met, contracts may be made to receive an additional

amount of coal for delivery during the 1945 season of lake navigation to cover this deficiency.

If the coal on hand March 1, 1945 and shipments arranged to be received from all sources prior to May 15, 1945, exceed requirements to May 15, 1945, the excess must be deducted from the amount otherwise authorized to be contracted for.

6. AMOUNT OF COAL WHICH INDUSTRIAL CONSUMERS OBTAINING COAL EX-LAKE DOCK MAY CONTRACT TO OBTAIN.

No industrial consumer obtaining coal directly or indirectly ex-lake dock shall contract to obtain, during the period May 15, 1945 to May 15, 1946 from all sources combined and by all methods of transportation, an amount of coal greater than his consumption requirements from May 15, 1945 to May 15, 1946.

If the stock supply on March 1, 1945 and shipments arranged to be received from all sources to May 15, 1945, exceed the requirements during that period, the excess must be deducted from the amount authorized to be contracted for.

7. AMOUNT OF COAL WHICH COMMERCIAL DOCK OPERATORS MAY CONTRACT TO RECEIVE.

(1) *Coal for sale to consumers for use in industrial plants.*

No commercial dock operator shall contract to receive during the 1945 season of lake navigation via the Great Lakes for resale off docks directly or indirectly to industrial consumers an aggregate amount of coal greater than 100 per cent of the tonnage needed for such purpose.

(2) *Coal for sale to other persons.*

No commercial dock operator shall contract to receive during the 1945 season of lake navigation via the Great Lakes for resale off docks to any person for any purpose other than that set out in the preceding subsection an aggregate amount of coal greater than,

(a) in the case of prepared sizes (lump and double screened coal) produced in Districts 2, 7 and 8, 80 per cent of the tonnage received for resale for such other purposes during the 1944 season of lake navigation;

(b) in the case of all other coal, 100 per cent of the tonnage received for resale for such other purposes during the 1944 season of lake navigation.

(3) *Limitation on aggregate amounts to be contracted for.*

If the aggregate amount of prepared sizes (lump and double screened coal) produced in Districts 2, 7 and 8, authorized to be contracted for by the two preceding subsections is greater than 80 per cent of the tonnage of such coal loaded at a lower lake port and consigned to the commercial dock operator during the 1944 season of lake navigation, the commercial dock operator must, on or before March 20, 1945, file with the Controller a full explanation of the necessity for the increase and a copy of all contracts made by him for the resale of such coal to industrial consumers.

(4) If the aggregate amount of other coal produced in Districts 2, 7 and 8 and of all coal produced in Districts 1, 3, 4, 6, 9 and 10 authorized to be contracted for by subsections (1) and (2) of this Section is greater than 100 per cent of the tonnage of such coal received by the commercial dock operator from all of such districts during the 1944 season of lake navigation, the commercial dock operator must, on or before March 20, 1945, file with the Controller a full explanation of the necessity for the increase and a copy of all contracts made by him for the resale of such coal to industrial consumers.

(5) *Applications in the event of inability to contract for amount of coal authorized.*

It is the present plan, so far as consistent with the coal supply, to arrange that each commercial dock operator will receive sufficient coal which, together with his inventory on docks, will enable him,

(a) to meet the consumption requirements of his customers who are industrial consumers, to May 15, 1946; and

(b) to ship to all of his other customers 80 per cent of the amount of solid fuels furnished to such customers during the period April 1, 1943 to March 31, 1944.

If the limitations provided for by this Section do not permit of the accomplishment of these objectives, the commercial dock operator may apply to the Coal Controller for a quota adjustment, setting forth all the pertinent facts in support thereof.

If the authorizations for contracting in this Section result in permitting a commercial dock operator to contract for more coal than he will need to meet these objectives, he must report the excess in writing to the Coal Controller on or before April 1, 1945.

(6) *Contracts in the event of deficiency in Districts 2, 7 and 8 coal.*

A commercial dock operator who is unable to make contracts providing for the receipt of the amount of coal from Districts 2, 7 and 8 he is authorized to contract to receive under this Section, may contract to receive an additional amount of coal produced in Districts 1, 3, 4, 6, 9 and 10 equal to the tonnage produced in Districts 2, 7 and 8 for which he is unable to contract.

8. AMOUNT OF COAL WHICH PERSONS MAY CONTRACT TO SHIP

No person shall contract to ship to any other person more coal than such other person is permitted to contract to receive under this Order.

9. SHIPPERS MAY RELY ON REPRESENTATIONS OF PURCHASERS

Any person disposing of coal may rely upon any statement made by a purchaser pursuant to this Order.

10. REPORTS

(1) Every person who purchases any coal from a United States supplier for shipment from the United States via the Great Lakes during the 1945 season of lake navigation and every lake shipper shall complete, on forms prescribed by the Controller and in accordance with his instructions, and file with the Controller on or before February 26, 1945, such reports as the Controller may require.

(2) Every receiver shall complete, on forms prescribed by the Controller and in accordance with his instructions, and file with the Controller on or before February 26, 1945, such reports as the Controller may require.

11. PERMITS

The provisions of this Order are subject to any permit or directions made or given in writing by the Controller.

E. J. BRUNNING,
Coal Controller.

Should any inventor refuse to make application for a patent or patents or to assign his invention or inventions when required so to do by the Board, the Board shall inform the Minister,

who may instruct the service authorities to order the inventor to carry out the requirements of the Board. Disobedience of such order by a member of the Military Forces shall be deemed to be disobedience of a lawful command given by his superior officer and to constitute an offence against sub-section 2 of Section 9 of the Army Act, and the said section shall, as part of the law of Canada, be construed accordingly.

11. The Board shall recommend to the Minister what, if any, remuneration should, in its opinion, be paid to a member of the Military Forces making any invention or the amount of a reward which, in its opinion, should be paid to a member of the Military Forces making any suggestion, and the Minister may authorize payment from public funds of the whole or any part of such amount as may have been recommended by the Board, subject, however, to any right the member of the Military Forces may have under Section 7 of the War Measures Act, Chapter 206, Revised Statutes of Canada 1927, to have the question of remuneration or reward determined as therein provided. If, in the opinion of the Board, in the light of the use to which the invention or suggestion is subsequently put, the original remuneration or reward paid is not sufficient, it may make a further recommendation and the Minister may authorize further payments of additional remuneration or reward. In lieu of or in addition to any remuneration or reward, the Board may recommend to the Minister the granting of any appropriate honour or medal, promotion, privilege or leave to a member of the Military Forces submitting an invention or suggestion.

12. During the continuance of the state of war now existing, and for such time thereafter as may be determined by the Board, any invention may be reserved by the Minister for the exclusive or non-exclusive use of His Majesty in the right of Canada or of such of the powers allied with His Majesty as the Governor-in-Council may determine and the remuneration paid or honour or medal, promotion, privilege or leave awarded to the member of the Military Forces who made such invention shall be the only remuneration, compensation or reward to which he is entitled therefor, unless in the opinion of the Board the commercial exploitation for his own benefit of the said invention would not be contrary to the public interest, in which event the Board may authorize the said member of the Military Forces to exploit the same commercially; provided, however, that any member of the Military Forces who has not been authorized to exploit his invention commercially for his own benefit may at any time apply to the Board or its successors for permission so to do and the Board may grant such application notwithstanding that remuneration has been paid or an honour or medal, promotion, privilege or leave awarded to the inventor for his invention.

13. At the conclusion of the present war, the Minister or such person or persons as he shall appoint shall designate those inventions which are to be retained for the exclusive use of His Majesty and determine the amount, if any, of further compensation to be paid in respect to the invention. All inventions not so designated shall be re-assigned to the inventors.

14. No invention or suggestion required by this Order to be referred to the Board shall be disclosed to anyone without the previous consent of the Board.

15. In the event that the Board does not prosecute an application for a patent in respect of any invention, it may authorize the inventor to make application therefor on his own behalf subject to such conditions as the Board may impose.

16. Inventions or suggestions made jointly by a member of the Military Forces and any other person not a member of the Military Forces may be dealt with hereunder in the same manner so far as practicable as though the invention or suggestion was made solely by the member of the Military Forces. Where necessary in any such case the Board may recommend to the Minister the manner in which the interest of the Joint inventor who is not a member of the Military Forces should be dealt with, and the Minister may make such provision, including the making of any agreement, in that regard as may appear to him to be advisable.

17. All matters pending before the Board shall be dealt with as provided herein.

Clerk of the Privy Council.

Order in Council providing for the return to Morton Engineering and Dry Dock Company of property expropriated in 1943, and setting up a Control Committee

P.C. 1001

AT THE GOVERNMENT HOUSE AT OTTAWA*

THURSDAY, the 15th day of February, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas pursuant to Order in Council P.C. 5526 of July 14, 1943, His Majesty expropriated the ship-building plant in the City of Quebec, formerly operated by Morton Engineering and Dry Dock Company Limited (hereinafter sometimes called the "Company"), including lands, interest in land, buildings, fixed machinery and equipment and other fixed assets, and appropriated all other property, assets and rights owned by the said Company, used for or in connection with the operations of the said shipbuilding plant;

And whereas the said shipbuilding plant is being operated by a Government-owned Company known as the "Quebec Shipyards Limited—Chantiers Maritimes de Quebec Limitee";

And whereas the Minister of Munitions and Supply reports that it is now proposed that "Quebec Shipyards Limited—Chantiers Maritimes de Quebec Limitee" cease operating the shipbuilding plant of Morton Engineering and Dry Dock Company Limited and that the shipbuilding plant be returned to the Company;

That after the return of the shipbuilding plant to the Company, the Company will continue to build vessels for His Majesty;

That it is necessary to ensure the efficient continuance of the shipbuilding program and to ensure the most complete and economical utilization of critical materials;

That it is deemed advisable for the security, defence, peace, order and welfare of Canada and the efficient prosecution of the war that a Control Committee be appointed to manage, operate and carry on the business, undertaking, affairs and operations of the Company; and

That the course of action herein proposed is considered to be in the public interest;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply, and under and by virtue of the powers conferred by the War Measures Act, The Department of Munitions and Supply Act and all other enabling powers, is pleased to order as follows:

1. The Minister of Munitions and Supply is hereby authorized to return to the Company its shipbuilding plant and fixed assets expropriated as aforesaid, as of the close of business on February 15, 1945 or so soon thereafter as the Minister may deem advisable.

2. The Minister of Munitions and Supply is hereby authorized to make available to the Company such of the Government property and equipment located on, in or about the shipbuilding plant as the Minister may determine.

3. Wilfrid Gagnon, Esquire, of the City of Montreal, Maurice Samson, Esquire, of the City of Quebec and Louis D. Hudon, Esquire, of the City of Quebec, are hereby appointed a Control Committee for the purpose of controlling the business, undertaking, affairs and operations of the Company, including the operations of the shipbuilding plant hereinbefore mentioned.

4. The Control Committee shall have the custody of the undertaking and all the property and assets of the Company and shall have the power and authority, in the name and on behalf of the Company to manage, operate and carry on its business, undertaking, affairs and operations and, without limiting the generality of the foregoing, the Control Committee shall have power and authority, in the name or on behalf of the Company—

- (a) to bring or defend any action, suit, or other legal proceeding, civil or criminal;
- (b) to draw, accept, make, endorse, discount, execute and issue promissory notes, bills of exchange, bills of lading, warrants and other negotiable or transferable instruments;
- (c) to borrow any sum or sums of money which, in the opinion of the said Control Committee, is or are required for the carrying on of the business, operation and undertaking of the Company and to give security therefor on any property and assets of the Company;
- (d) to enter into contracts and execute deeds and other documents relating to the carrying on of the business and operations of the Company and for such purposes to use, when necessary, the corporate seal of the Company;
- (e) to exercise the powers, authorities and rights in respect of the operations of the Company which but for the provisions of this order would have been exercisable by the Board of Directors of the Company;
- (f) to do, and execute all such other things as are necessary, advisable or expedient for the management, operation and carrying on of the business, undertaking, assets or operations of the Company.

5. The said Control Committee shall exercise the foregoing powers and authorities subject to such instructions, if any, as the Minister of Munitions and Supply may from time to time see fit to give, provided, however, that all acts and things done by the Control Committee hereunder shall, whether or not in contravention of such instructions or directions, be binding upon the Company and all persons are invited to act accordingly.

6. The Control Committee shall have full power and authority to employ such assistants to assist it in carrying out its duties hereunder as the Control Committee may deem advisable and to pay to such assistants such remuneration as the Control Committee shall consider to be fair and reasonable and such remuneration, as well as the out of pocket expenses of the Control Committee, shall be a charge upon the operations of the Company.

7. The Control Committee shall continue to control the business, undertaking, affairs and operations of the Company until its appointment as such is revoked by Order of the Governor in Council and the powers and authority hereinbefore conferred upon the Control Committee may be exercised at any time and from time to time until varied or revoked by similar order.

8. Until revocation of the Control Committee's appointment as aforesaid neither the Board of Directors nor the shareholders of the Company shall be entitled, directly or indirectly, to manage, operate or carry on or control or supervise the management, operation or carrying on of the business, undertaking, affairs and operations of the Company except as may be authorized or approved by the Control Committee.

9. The Control Committee shall have full power and authority to exercise an absolute right of veto on any resolution of the Board of Directors of the Company.

10. The members of the Control Committee and any person acting for or on behalf of or under the authority of the Control Committee shall not be or become personally liable to any person (including the Company or its creditors and/or shareholders) for anything done or omitted in the exercise or purported exercise of any power or authority from time to time vested in or conferred upon the Control Committee.

11. Subject to the approval of the Minister of Munitions and Supply, the Control Committee shall appoint a Chairman from among its members.

12. In carrying out the provisions of this present order the act of any two (2) of the Control Committee shall be deemed to be the act of the Committee.

13. Any person violating or interfering with the exercise by the Control Committee of any of the powers, authorities and rights conferred upon the Control Committee shall be liable upon summary conviction to a fine not exceeding \$5,000 or imprisonment not exceeding five (5) years or to both fine and imprisonment.

Clerk of the Privy Council.

- Order in Council establishing procedure under which contractors may dispose of scrap, work-in-process, production materials, etc., resulting from termination of contracts

P.C. 1027

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 15th day of February, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Reconstruction and Minister of Munitions and Supply report that in cases where a munitions contract placed with a contractor by or on behalf of the Minister of Munitions and Supply is terminated in whole or in part before completion, the contractor is entitled, *inter alia*, to reimbursement for the reasonable and proper cost of any scrap, work-in-process and/or production materials on hand or on order for the purposes of, and which are properly apportionable to, the terminated contract, less any amounts previously paid in respect thereof;

That it is a standard provision of such contracts that to the extent to which such scrap, work-in-process and/or production materials are not then owned by His Majesty the title thereto will pass to and become vested in His Majesty upon reimbursement as aforesaid being made;

That the Contract Settlement Board (which has been charged with the responsibility of effecting settlements, on behalf of the Minister of Munitions and Supply, of the claims of contractors in respect of contract terminations) has reported that in many cases the quantities of scrap, work-in-process and/or production materials comprised in the inventories required to be filed by contractors in support of their termination claims are of relatively small value but that such items often fall into a large number of different categories, necessitating separate detailed listings of the items comprised in each such category in order that such items, or such of them as are surplus to the requirements of the Department of Munitions and Supply, may be reported to the Minister of Reconstruction pursuant to the provisions of the Surplus Crown Assets Act and/or transferred to War Assets Corporation for disposal;

That the Contract Settlement Board has reviewed the termination claims filed with the Department of Munitions and Supply between February 10, 1944, and December 31, 1944, and has reported that approximately 54 per cent of such claims were for amounts not exceeding \$5,000 and approximately 66 per cent were for amounts not exceeding \$10,000 and that in many cases the value of the inventories of scrap, work-in-process and/or production materials for which the contractor has claimed reimbursement was considerably less than the total amount of the claim;

That it is desirable and in the public interest to establish a procedure under which contractors may be authorized (subject to such limitations and conditions and in accordance with such regulations as may from time to time be prescribed by or on behalf of the Minister of Munitions and Supply) to deal with or dispose of scrap, work-in-process and/or production materials resulting from contract terminations, thereby avoiding the necessity of preparing and filing detailed inventories, covering relatively small lots of such items, the reporting of such items to the Minister of Reconstruction as surplus and the transfer of the same to War Assets Corporation;

That the Deputy Minister of Reconstruction reports that in his opinion the establishing and carrying out of such a procedure would facilitate the reconversion of such plants to production for civilian purposes as and when they are no longer required for war production; and

That it is not proposed that authority to effect disposals of scrap, work-in-process and/or production materials should be extended to Crown Companies or to wholly Government-owned plants which are operated by contractors, on behalf of the Crown, upon a management-fee basis or similar basis, but it is contemplated that such authority will be limited to private contractors and will only be granted in such cases and to such extent as may reasonably be expected to expedite the settlement of such contractors' termination claims or reduce the amounts payable by the Crown

in respect of contract terminations, or to facilitate the removal or disposition of relatively small lots of scrap, work-in-process and/or production materials in the hands of contractors.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Reconstruction and Minister of Munitions and Supply and under and by virtue of the powers conferred by The Department of Reconstruction Act, 1944, The Surplus Crown Assets Act, The War Measures Act and The Department of Munitions and Supply Act, is pleased, hereby,

- (a) to grant authority to the Minister of Munitions and Supply acting through such person or persons as he may designate for such purpose, to authorize a person holding a munitions contract (as defined in The Department of Munitions and Supply Act) which is terminated in whole or in part before completion, to sell or otherwise dispose of or retain or otherwise deal with scrap, work-in-process and/or production materials in the hands of or on order by such person for the purposes of such contract, the whole subject to such limitations and conditions and in accordance with such regulations as may from time to time be prescribed by or on behalf of the said Minister; and
- (b) to authorize the Minister of Munitions and Supply, whenever he may deem such course to be in the public interest, to vary, from time to time, any such limitations, conditions or regulations prescribed as aforesaid or to cancel any authorities theretofore given by or on behalf of the said Minister under the provisions of this Order.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council amending the Dominion Elections Act, 1938, re by-elections called for a date subsequent to the date of expiry of the life of the present Parliament

P.C. 1049

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 15th day of February, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas writs dated November 21, 1944, were issued ordering by-elections in the electoral districts of Kenora-Rainy River, Ont., St. James, Que., Sherbrooke, Que., and Weyburn, Sask., and writs dated January 9, 1945, were issued ordering by-elections in the electoral districts of Beauce, Kamouraska, Portneuf, St. Hyacinthe-Bagot and Terrebonne in the Province of Quebec, and polling day in each of the above-mentioned by-elections was fixed for April 23, 1945;

And whereas the Secretary of State represents that as April 23, 1945, is a later date than that upon which the life of the present Parliament expires, it appears to be unnecessary to take any steps nor to incur any expenses with regard to the holding of the above-mentioned by-elections, such as the preparation and printing of the lists of electors which must commence the 49th day before polling day;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Secretary of State, and under the authority of the War Measures Act, is pleased to amend The Dominion Elections Act, 1938, and it is hereby amended, by the insertion therein of the following as section 111A thereof:

"111A. Notwithstanding anything contained in this or any other Act, if a writ has been issued ordering a by-election to be held on a date subsequent to the

latest date upon which the existing Parliament may dissolve, as provided by section fifty of the British North America Act, 1867, such writ shall, upon notice to that effect being published in the *Canada Gazette* by the Chief Electoral Officer, be deemed to have been superseded and withdrawn."

Clerk of the Privy Council.

The Board had under consideration a memorandum from the Honourable the Minister of Transport concurred in by the Honourable the Acting Minister of Fisheries reporting:—

"That by Order in Council P.C. 133/510, 26th January, 1944, revised regulations were made governing the payment of compensation to Canadian salt-water fishermen and personnel of the Canadian Merchant Navy for loss of effects through enemy action or counteraction;

That representations have now been made by the Committee on War Risks Insurance and Bombardment Compensation that the said regulations should be amended as follows:—

- (a) To make retroactive to the beginning of present hostilities the provisions of existing regulations which provide for compensation for personal effects lost by a seaman while proceeding to or from service in a ship of Canadian registry or licence, or a certified non-Canadian ship, and while such seaman is on leave from such vessel which, for the time being, is in a port outside of Canada.
- (b) To authorize increased allowances to certain ratings in Home Trade vessels, to bring them to the same level as those applicable to similar ratings engaged in foreign trade vessels.

The undersigned is of opinion that such amendments are desirable in the public interest, and has, therefore, with the concurrence aforesaid, the honour to recommend that Your Excellency in Council, under and by virtue of the War Measures Act (Chapter 206, R.S.C. 1927), be pleased to amend the Regulations established by Order in Council, P.C. 133/510, of 26th January, 1944, as follows:—

1. Regulation 3 (b) be amended by the addition of subsection (iv) reading as follows:—

1. This Order comes into force on February 23, 1945, and applies to all sales of meat and meat products for use as or, for resale for use as ships' stores.

Prices Fixed Are Maximum Prices

2. All prices fixed by this Order are maximum prices and must not be exceeded. Except as otherwise specifically provided in this Order, no charge may be made for a container or for packing, handling or any other service which results in the sum of the price and the charge for the container, packing, handling and/or other service exceeding the maximum price.

Additional Payments and Considerations Are Part of the Price

3. Any consideration, money or money's worth given or paid by the buyer to any person in connection with the purchase of any meat or meat product or received by the seller from any person in connection with the sale of any meat or meat product shall constitute part of the price of such meat or meat product.

General Definitions

4. For the purposes of this Order

- (a) "product order" means the Board or Administrator's Order which fixes the maximum price at which any meat or meat product may be sold at wholesale in Canada;
- (b) "sell" includes an offer to sell;
- (c) "Zone No. 2", "Zone No. 3", "Zone No. 4" and "Zone No. 14" mean, respectively, the zones, similarly numbered, described in Board Order No. 307 (Beef Order);
- (d) every other word or expression which, by Board Order No. 226 (Ships' Stores Order), as amended, or any Order replacing that Order, is given a defined meaning, shall have the same meaning wherever it is used in this Order.

Maximum Wholesale Prices Apply Unless Otherwise Specified

5. Except as otherwise provided in this Order, no person shall sell any meat or meat product to any person for use as, or for resale for use as ships' stores, at a price which exceeds the lawful maximum price at which the same may be sold at wholesale, as fixed by the product order concerned or under the provisions of Board Order No. 414, or, if not so fixed, as fixed by Section 7 of The Wartime Prices and Trade Regulations.

Maximum Prices—Certain Meats Acquired by Slaughter

6. (1) The maximum prices fixed by this Section apply not only when the sale is made direct by a person who obtained the meat sold from the slaughter of live stock owned by him, but also when he sells such meat through a branch or other place of business operated by him.

(2) The maximum prices fixed by this Section include delivery

- (a) to the buyer's place of business or, at the seller's option, to a dock designated by the buyer in the port in which the buyer's place of business is situated if, in either case, the buyer is a person who is purchasing the meat for resale; or
- (b) to the dock, designated by the buyer, in the ship's port of call, if the buyer is the ship's owner or agent.

(3) The maximum price at which any cut of meat listed in Schedule "A" hereto, that is not frozen, may be sold by a person who obtained the meat from the slaughter of live stock owned by him to any person for use as, or for resale for use as ships'

stores, shall be the price for the same set forth in said Schedule "A" according to the quality and kind of meat and to the zone in which the buyer's place of business is situated or, if the buyer is a ship's owner or agent, to the zone in which the ship's port of call is situated.

(4) The maximum price at which any frozen meat in the forms set forth in Schedule "B" hereto may be sold by a person who obtained the same from the slaughter of live stock owned by him to any person for use as, or for resale as use as ships' stores, shall be an amount equal to the maximum price at which he may sell the same when not frozen to that person, as fixed by Section 5 or by subsection (3) of this Section, as the case may be, PLUS, if the meat or meat product is delivered to the buyer in a port named in Schedule "B", the amount per pound set forth in said Schedule "B" for such meat and port.

Maximum Prices—Meat and Meat Products Acquired by Purchase and Sold Directly to a Ship's Owner or Agent

7. (1) The maximum price at which any meat or meat product may be sold to a ship's owner or agent at any port in Canada by a person who did not obtain the meat or meat product from the slaughter of live stock owned by him (or by or through a branch or place of business operated by him) shall be the sum of the following:

- (a) the actual price paid by him for the meat or meat product but not exceeding the maximum price at which it may be sold to him in that port as fixed by Section 5 or 6 of this Order; and
- (b) a markup not exceeding the percentage markup customarily obtained by him during the basic period from September 15 to October 11, 1941, on sales of such meat or meat product to ships' owners or agents but not in any event exceeding 20 per cent of his selling price.

(2) The maximum prices fixed by this Section include delivery to the ship. However, if during the said basic period, a person to whom this Section applies made a charge for delivering ships' stores from his warehouse or place of business in a port to a ship in the same port, he may now charge for any such delivery an amount not exceeding the actual cost of the hire or use of the vehicle, boat, barge or lighter used to make such delivery but in that event, he must show such charge as a separate item on his sales invoice to the buyer and must not include it in calculating his markup.

(3) The Administrator of Ships' Stores may, with the concurrence in writing of the Chairman of the Board, authorize any person or persons in any port when selling any meat or meat product under the provisions of this Section to any person at any other port, to charge the buyer with the actual cost of transporting the meat or meat product from the port in which the seller's place of business is situated to the port in which delivery is made but in that event the seller must show such charge as a separate item on his sales invoice and must not include it in calculating his markup.

Records of Sales and Purchases

8. (1) Every person selling under the provisions of this Order any meat or meat product to which a product order applies shall maintain records of his purchases and shall furnish and retain copies of sales invoices covering his sales of such meat or meat product, in the same manner and showing the same particulars as is required by the product order concerned of persons selling such meat or meat product at wholesale.

Orders in Council

**Order in Council amending The War Service Voting Regulations,
1944, re Members of the Armed Forces of Canada receiving
treatment in hospitals**

P.C. 1054

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 20th day of February, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Secretary of State reports that no special procedure has been provided for the taking of the votes at the next general election of members of the Naval, Military or Air Forces of Canada who have been discharged from such Forces and who are now receiving treatment under the jurisdiction of the Department of Veterans Affairs in various hospitals and other institutions situated in Canada;

That he is advised by the Chief Electoral Officer that these persons are entitled to vote only as civilian electors in the polling division in which they ordinarily resided prior to their enlistment; and

That, as some of these persons are hospitalized at great distances from such places of residence, it would not be practical for most of them to make the necessary journeys to reach their polling division to cast their votes.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Secretary of State, concurred in by the Minister of Veterans Affairs, and under the authority of the War Measures Act, is pleased to amend The War Service Voting Regulations, 1944, and they are hereby amended by the insertion of the following as paragraph 37A of the said Regulations:

37A (1) Every person, irrespective of age, who (a) is a British subject, (b) was a member of the Naval, Military or Air Forces of Canada, during the present war, (c) was ordinarily residing in Canada prior to his enlistment in such Forces, (d) has been discharged from any of such Forces and (e) during a general election, is in Canada receiving treatment or domiciliary care in any hospital or institution, operated by the Department of Veterans Affairs or is receiving treatment or domiciliary care in any other hospital or institution at the request or on behalf of such Department, shall be entitled to vote at a general election as a War Service elector and may cast his vote before a commissioned officer specially designated for that purpose by an appropriate commanding officer, on the production to such commissioned officer of satisfactory proof of identity and of his discharge from any of such Forces.

(2) Upon the request of the appropriate special returning officer, any commanding officer, conveniently stationed, shall designate a commissioned officer to take the votes of the persons referred to in the preceding subparagraph.

(3) The superintendent of every hospital or other institution, where such persons are receiving treatment or domiciliary care as aforesaid, shall afford all necessary facilities to such persons to cast their vote in the manner prescribed by these Regulations.

That it is deemed expedient for security purposes that all types of machine guns, sub-machine guns, automatic rifles and machine carbines be registered with the proper authorities.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Justice, and under and by virtue of the powers conferred by the War Measures Act, is pleased to amend section 37B of the Defence of Canada Regulations (Consolidation) 1942, and it is hereby amended as follows:—

Board Orders

WARTIME PRICES AND TRADE BOARD**Order No. 482****Restrictions on Residence in Hamilton Area***Explanatory Note:*

Under the provisions of the Emergency Shelter Regulations, Order in Council P.C. 9439 of December 19, 1944, a state of emergency in regard to shelter has been declared in the Hamilton area and the Wartime Prices and Trade Board has appointed an Administrator of Emergency Shelter for such area.

There is an acute shortage of family quarters in the area which shortage cannot be met by new construction because urgent national requirements have caused unavoidable scarcities of building materials and skilled labour.

It is, therefore, necessary to take measures that will prevent further congestion of the area and that will assist essential workers to obtain shelter.

There is not such an acute situation regarding rooms with no housekeeping privileges and this Order does not apply to such rooms.

Therefore, under powers conferred by the said Regulations, the Board hereby orders as follows:

1. For the purposes of this Order,

- (a) "Administrator" means the Administrator or Deputy Administrator of Emergency Shelter appointed for the Hamilton area by the Board;
- (b) "Emergency Shelter Registry" means the organization formed under that name by the Board;
- (c) "Hamilton area" means the City of Hamilton, the Townships of Barton, Saltfleet, Ancaster, West Flamborough, East Flamborough and Nelson, and any town or village situated in any of such townships;
- (d) "landlord" means any person who lets or sublets any residence;
- (e) "residence" means any place of dwelling except a room in a hotel or any room the occupant of which has no cooking privileges on the premises.

2. (1) No person who, on March 2, 1945, was not in occupation of a residence in the Hamilton area, shall rent or enter into occupation of a residence in such area unless he is an essential worker in war or civilian services and has obtained from the Administrator a permit in writing under this Section.

(2) Every person who makes an application to the Administrator for a permit shall specify the residence he desires to occupy and shall furnish such further information as the Administrator may require.

(3) The Administrator shall be the sole judge as to whether a person is an essential worker and may grant or decline any permit.

(4) Every permit shall be on Form E. S. 1 which shall designate the only residence that may be occupied by the applicant.

3. (1) No person who, on March 2, 1945, was in occupation of a residence in the Hamilton area, shall rent or enter into occupation of any other residence in such area unless he obtains from the Emergency Shelter Registry an authorization in writing so to do.

(2) Every person who makes an application for an authorization shall furnish such information as the Emergency Shelter Registry may require.

(3) Every authorization shall be on Form E. S. 2.

4. Every holder of a permit or authorization given under this Order shall, upon renting a residence, complete and detach Part A of such permit or authorization and return it to the Emergency Shelter Registry.

5. No landlord shall let any residence in the Hamilton area to any person unless such person gives to the landlord either

(a) a permit from the Administrator, or

(b) an authorization from the Emergency Shelter Registry.

6. This Order shall come into force on March 2, 1945.

Made at Ottawa, this 21st day of February, 1945.

- (b) "rebuilt vacuum cleaner" means a used domestic electrically operated vacuum cleaner complete with all standard attachments for the particular model concerned, in which all worn, defective, broken and missing parts have been reworked, repaired and replaced, where necessary, and as so rebuilt is capable of performance substantially equivalent to that of the same machine when new. An "upright" or "handle" machine shall be considered complete without attachments;
- (c) "sell" includes an offer to sell and "buy" includes an offer to buy;
- (d) "vacuum cleaner" means a domestic electrically operated vacuum cleaner.

EXEMPTIONS FROM ORDER.

3. For the purposes of this Order the following shall be regarded as new vacuum cleaners and not used vacuum cleaners:—

- (a) a vacuum cleaner which has been sold as a new vacuum cleaner by the seller and has been returned to him and for which the seller credits the buyer with the full amount of the sale price;
- (b) a new vacuum cleaner which has been used only for demonstration purposes by the seller.

MAXIMUM PRICES FOR USED VACUUM CLEANERS.

4. (1) The maximum price at which any person may sell or buy a used vacuum cleaner of a make, kind, type or model named or described in the Schedule hereto

- (a) if the vacuum cleaner is a rebuilt or a factory rebuilt vacuum cleaner, shall be the price set forth in the said Schedule for that vacuum cleaner;
- (b) if the vacuum cleaner needs repairing or reconditioning in order to make it a rebuilt or a factory rebuilt vacuum cleaner, the maximum price at which such vacuum cleaner may be sold or bought by any person shall not exceed sixty per centum (60%) of the price as fixed by clause (a) preceding for the same vacuum cleaner when rebuilt.

If the seller is a dealer the maximum price shall include the cost of delivery to the purchaser within the dealer's customary free delivery area.

(2) If the original new machine retail selling price of a used vacuum cleaner cannot be established or if the vacuum cleaner is not described in the Schedule attached, the vacuum cleaner shall not be sold or bought until the maximum price for which it may be sold is fixed by the Administrator of Used Goods, upon application to him in writing.

IMPLIED WARRANTY.

5. On every sale by any person of a used vacuum cleaner at a price in excess of the price fixed by clause (b) of subsection (1) of Section 4, there is hereby imposed as a term or condition of the sale an implied warranty that the seller will, at his own cost and expense, forthwith upon demand in writing, made within six months of the delivery of the vacuum cleaner and not otherwise, make or pay for all repairs and replacements of worn, defective, broken and missing parts and attachments thereto that become necessary for the due performance of the vacuum cleaner, except repairs and replacements caused by improper use or want of proper care on the part of the buyer, provided however that this warranty does not apply on any sale of a used vacuum cleaner to a dealer.

IDENTIFICATION OF VACUUM CLEANERS.

7. (1) If a used vacuum cleaner has affixed or otherwise bears the name or other trade identification of a manufacturer or the trade name of a retailer, the presumption shall be, in the absence of proof to the contrary, that the vacuum cleaner was manufactured by that manufacturer or was first sold at retail by that retailer.

(2) The age of a used vacuum cleaner shall be calculated from the year in which it was manufactured or by which the vacuum cleaner is designated by the manufacturer or designated in any catalogue, circular, pamphlet, price list or document purporting to describe the vacuum cleaner and purporting to be issued by or on behalf of the manufacturer and the years referred to in the Schedule shall be so interpreted.

Where the vacuum cleaner is sold with an implied warranty, the invoice shall also specify that the warranty is implied as required by this Order.

(2) One copy of the said invoice or receipt shall be furnished to the buyer at or prior to the time of delivery of the vacuum cleaner sold and the remaining copy shall be retained and kept by the seller at his place of business for a period of at least two years after the date of sale, and the copy so retained shall be available at all times within the said period for inspection by any authorized representative of the Board.

TAGGING OR LABELLING OF VACUUM CLEANERS.

9. Every used vacuum cleaner which a dealer displays or otherwise offers for sale must have a price tag or label attached to it during the whole of the time it is so displayed or on offer and when it is sold. The tag or label must be attached in a place where it may readily be seen and examined by a customer. The tag or label shall show clearly whether the vacuum cleaner is a used, a rebuilt or a factory rebuilt vacuum cleaner, as the case may be, and the selling price at which it is for sale. The price shown on the tag or label must not be more than the highest lawful selling price for the vacuum cleaner as fixed by this Order. This Section, however, shall not apply to a vacuum cleaner for sale for less than \$15.00.

And whereas the Minister of Veterans Affairs reports that applications are being received for the payment of re-establishment credit in cases where the home is owned not by the member himself, but by him and his wife as joint tenants and not as tenants in common; and

That in the opinion of officers of the Department of Veterans Affairs, it is advisable that in such cases the re-establishment credit be made available to or for the member, subject to the other provisions of the above-mentioned Act, and that the regulations be amended to give effect to such object;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Veterans Affairs, and under and by virtue of The War Service Grants Act, 1944, and the War Measures Act, is pleased to amend the Re-establishment Credit Regulations made and established by Order in Council P.C. 165 of 18th January, 1945, and they are hereby amended by inserting immediately after regulation 4 thereof the following regulation:—

Order in Council re transfer by personnel of the R.C.A.F. to the Royal Canadian Navy and the Canadian Army

P.C. 1529

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 6th day of March, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Order in Council P.C. 741, dated 7th February, 1944, provides for the voluntary transfer of personnel of the Royal Canadian Navy, the Canadian Army and the Royal Canadian Air Force to one of the other two services and provides for the procedure to be followed on such transfer;

And whereas it is represented that due to the reduction of training in the Royal Canadian Air Force, personnel thereof are being discharged and large numbers of said personnel are, following their discharge from the Royal Canadian Air Force, enlisting in the Canadian Army;

That many of such personnel hold warrant or non-commissioned rank in the Royal Canadian Air Force and have had several years service;

That they cannot be absorbed within a Canadian Army establishment in the warrant or non-commissioned rank held by them in the Royal Canadian Air Force;

And whereas it is considered that, during their retraining period and a period thereafter not exceeding in all ten months, such personnel who voluntarily enlist in the Canadian Army or who transfer under the provisions of said Order in Council, P.C. 741, should be paid the pay of the rank or classification held by them in the Royal Canadian Air Force at the rate provided for standard group at the time of their transfer or discharge from the Royal Canadian Air Force;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of National Defence, concurred in by the Minister of National Defence for Naval Services, and the Acting Minister of National Defence for Air, is hereby pleased to revoke the Order made by Order in Council P.C. 741, of February 7, 1944, and, under the authority of the War Measures Act, is further pleased to make and doth hereby make the following Order in substitution therefor:—

WM No. 107
MEMORANDUM
 (CUSTOMS DIVISION)

OTTAWA, 9th February, 1945.

To Collectors of Customs and Excise, and others concerned:

Drawback of Duty and War Exchange Tax in respect of Tariff Item No. 442

The following regulations have been established governing drawback of 100 per centum of the Customs duty and War Exchange Tax paid on goods, imported or taken out of warehouse on and after June 27, 1944, and used in Canada in the manufacture of, or entering into the cost of articles and materials supplied to manufacturers of agricultural implements or agricultural machinery or parts therefor for use as specified in Tariff Item No. 442:—

- (1) The whole of the drawback shall be paid to the manufacturer of the goods so supplied;
- (2) The quantities of materials or articles used and the amount of Customs duties and/or War Exchange Tax paid thereon shall be ascertained;
- (3) Satisfactory evidence shall be furnished of the manufacture or use of the goods in respect of which drawback is claimed;

- (4) Claims for drawback submitted on and after June 27, 1944, shall be filed with the Collector of Customs and Excise and complete documentary evidence attached thereto and shall not be paid unless the Customs duties and/or War Exchange Tax involved have been paid on the goods within three years of the date of filing the claim, nor unless the claims as presented at any one time aggregate ten dollars or over;
- (5) Claims for drawback shall be made under oath before a Collector, Justice of the Peace or Commissioner for taking Oaths, in such form as the Minister of National Revenue shall prescribe and shall, before payment, be verified to the satisfaction of the Minister, who may require in any case, the production of such further evidence, in addition to the usual averments, as he deems necessary to establish the bona fides of the claim. Nothing in these regulations shall be deemed to alter or amend the law, or to affect any discretion vested in the Minister with respect to the payment or non-payment of drawbacks, and the Minister shall be the sole judge as to whether any claim for drawback shall be paid in whole or in part;
- (6) Whenever it appears to the satisfaction of the Minister that the process of manufacture into which imported goods have entered has resulted in the production of saleable by-products, the drawback otherwise payable in respect of such imported goods shall be reduced by a sum proportionate to the value of such by-products; that is to say, by a percentage equivalent to the percentage value of the by-products in relation to the total value of the goods manufactured or produced, excepting that drawback claims filed in respect of bituminous coal converted into coke shall be paid in respect of the full quantity of coal processed and represented in the coke covered by the drawback claim, without deduction for merchantable by-products or waste; and

Whenever it appears that the process of manufacture has resulted in the production of merchantable scrap or waste, drawback otherwise payable shall be reduced by a sum representing duties and/or taxes, to be arrived at by applying to the Canadian sales value of the merchantable waste or scrap, the prevailing rates of duties and/or taxes, if any, on merchantable waste or scrap of the same kind, if imported as such; provided the prevailing rates of duties and/or taxes, if any, on the merchantable waste or scrap are not in excess of the rates of duties and/or taxes applicable to the prime imported goods. If the prevailing rates for the merchantable waste or scrap, imported as such, are in excess of the rates applicable to the prime imported goods, the rates of duties and/or taxes applicable to the prime imported goods shall be used;

- (7) The following documents shall be delivered with the claim for drawback, viz:—
 - (a) A copy of the import entry showing the payment of the Customs duties and/or War Exchange Tax on the goods in respect of which drawback is claimed. If a copy of the import entry, however, has been furnished with a previous claim for drawback, it will be sufficient to "refer" to such copy and indicate the claim to which it was attached, without furnishing a further copy of the entry;
 - (b) A certificate of importation, sale or transfer, in form prescribed by the Minister, when the claimant entitled to drawback is not the importer of the goods;
 - (c) A certified true copy of the claimant's invoice to the purchaser, with a certificate thereon, in the following terms from such purchaser, being a manufacturer of agricultural implements or agricultural machinery or parts therefor acceptable to the Minister and signed by a responsible official, viz:—

The herein enumerated goods have been received and are to be used in our plant exclusively in the manufacture of the articles specified in tariff

4. Subsections five, six and seven of section two hundred and two A of the said regulations are revoked and the following substituted therefor:

"(5) Upon application by an employer whose establishment has been classified as a 'designated establishment' pursuant to these regulations, or upon his own motion, a Selective Service Officer may, in accordance with principles and directions set out in instructions given by the Director, by an order in writing, except the employer's establishment from the operation of this section.

(6) A Selective Service Officer may, at any time, revoke an order made under subsection five of this section whether or not the employer applies to have the order revoked.

(7) Where an establishment has been excepted from the operation of this section by an order under subsection five of this section and the order has not been revoked, the employer, or any of his employees, may, notwithstanding this section, give notice of separation under section two hundred and two without the permission of a Selective Service Officer.

6. Subsection two of section two hundred and nine of the said regulations is revoked and the following substituted therefor:

"(2) An employee shall, for the purposes of this section, be deemed to be unemployed

(a) on the termination of the period of seven days from the day his employer gives him a notice of separation or he gives his employer a notice of separation; or

10. The said regulations are further amended by inserting the following section after section two hundred and twelve thereof:

"212A. (1) Subject to subsection three of this section, where a Selective Service Officer deems it necessary or expedient for the assistance of a person whose employment has been terminated and who is unemployed, he may, in accordance with the principles and directions set out in instructions given by the Director, pay him either or both of the following, providing he is unable to pay them himself:

- (a) an amount not exceeding his necessary travelling expenses from the place where he was when his employment was terminated to a place where there is a reasonable prospect of securing employment or to his former place of residence; and
- (b) an amount not exceeding the aggregate of the travelling expenses necessary for his dependents to travel to the new place of employment or the former place of residence as the case may be, and other expenses that, in the opinion of the Selective Service Officer, necessarily arise out of his change of residence.

(2) Payments under this section may be made to a transportation company in payment of transportation for the person who is unemployed or that person and his dependents, as the case may be.

(3) No payment may be made under this section except in such areas and during such periods as may be specified from time to time by orders made by the Minister."

11. Section two hundred and fourteen of the said regulations is revoked and the following substituted therefor:

"214. (1) Where a Selective Service Officer refuses to grant a permit or permission or cancels a permit, or makes an order, direction, ruling or finding under this part, a person affected thereby, or a representative of a trade union or similar organization to which a person affected thereby belongs, may appeal therefrom to a court of referees by a notice in writing containing a statement of the grounds of the appeal filed in the local office within seven days from the day the permit or permission was refused or the permit was cancelled or the order, direction, ruling or finding was made.

(2) Where a Selective Service Officer grants permission to an employer or employee to terminate employment or grants permission to an employer to lay off an employee, the employer or employee may appeal therefrom to a court of referees by a notice in writing containing a statement of the grounds of the appeal filed in the local office within forty-eight hours from the day he receives notice that permission to terminate the employment or to lay him off has been granted.

(3) If an appeal is filed pursuant to subsection two of this section, the employee shall remain in his employment and the employer shall retain the employee in his employment until the appeal has been decided.

(4) Where, on an application by an employer for permission to terminate the employment of an employee or to lay him off, a Selective Service Officer is satisfied that it has been made necessary to terminate the employment or to lay him off by reason of

- (i) a shortage of materials,
- (ii) a breakdown of machinery,
- (iii) the absence from work of another employee or group of employees,
- (iv) a power shortage,
- (v) the cancellation of a war contract, or
- (vi) such other circumstances as are set out in directions and instructions given by the Director,

and that the employer cannot use the employee's services in alternative employment, there shall be no appeal from the granting of such permission notwithstanding subsection two of this section.

(5) Where, on an appeal from a finding of a Selective Service Officer under section two hundred and three, the court of referees is of opinion that the employee was not guilty of serious misconduct but that there were good and sufficient

grounds for terminating his employment, it may make an order that the employer may, in lieu of reinstating the employee with full pay from the time the application for review was made as required by section two hundred and three, pay the employee six days' wages in lieu of reinstatement; and, where such an order has been made, the employer shall forthwith make such payment to the employee unless he forthwith reinstates the employee with full pay from the time the application for review was made.

(6) An application in writing for a hearing in connection with an appeal under this section may be filed in the local office

- (a) by the appellant when filing the notice of appeal, or
- (b) by any other person affected thereby within three days from the day the notice of appeal is filed;

and the chairman of the court of referees shall thereupon fix a time and place for the hearing, or, if no such application has been made, the chairman may nevertheless direct that there shall be a hearing and fix a time and place therefor; and the Selective Service Officer shall, in every case, notify the appellant and every other person who, in his opinion, is affected by the appeal of the time and place fixed for the hearing.

(7) A court of referees shall not decide an appeal until a reasonable opportunity has been given to every person who, in the opinion of the chairman, is affected thereby to make any representations that he desires the court to consider in making its decision; and in any case where no hearing is held every such person may make representations to the court of referees in writing.

(8) The members of the court of referees to which an appeal is referred shall be chosen in the same manner as in the case of an appeal to a court of referees under the Unemployment Insurance Act, 1940.

(9) No person shall be a member of a court of referees during the consideration of an appeal

- (a) in which he is or may be directly interested,
- (b) in which he is or has been a representative of the appellant or other interested person, or
- (c) in which he has taken any part either as a witness or otherwise.

(10) An appeal may, with the consent of the appellant but not otherwise, be proceeded with in the absence of any member or members of the court other than the chairman.

(11) If the number of members of the court of referees is an even number, the chairman shall have a second or casting vote.

(12) The procedure on a hearing shall be determined by the chairman of the court of referees.

(13) The court of referees to which an appeal is referred shall consider and determine the appeal as soon as possible after receipt of the notice of appeal and its decision thereon shall be final and conclusive save as in this section otherwise provided.

(14) The court of referees may dismiss an appeal under this section or

- (a) grant the permit or permission that the Selective Service Officer whose decision is appealed against should have granted;
- (b) reinstate the permit cancelled by the Selective Service Officer; or
- (c) rescind any order, direction, ruling, finding, permit or permission made or granted by the Selective Service Officer and make or grant the order, direction, ruling, finding, permit or permission, if any, that the Selective Service Officer whose decision is appealed against should have made;

and a permit or permission granted by it or an order, direction, ruling or finding made by it shall have the same effect as if granted or made by the Selective Service Officer whose decision is appealed against.

(15) The chairman of the court of referees, on new facts being brought to his knowledge, may within thirty days, or such longer period as the Minister may allow, from the day the original decision was made, direct that an appeal shall be reconsidered or reheard as the case may be.

(16) Any person who appears before a court of referees shall do so at his own expense.

(17) The Minister may publish a decision of the court of referees if and as he deems proper.

(18) For the purposes of remuneration, a court of referees functioning under this part shall be deemed to be functioning under The Unemployment Insurance Act, 1940."

12. Section six hundred and eight of the said regulations is amended by adding the following subsections thereto:

"(2) Where a person is convicted of contravening any provision of these regulations by failing to make a payment to His Majesty or to any other person, the Justice or Justices of the Peace, Magistrate, Judge or Court by whom he is so convicted shall, in addition to imposing the penalty provided by these regulations for such contravention, order him to pay to his Majesty or the other person the amount that he failed to pay unless the payment has been made before he is so convicted; and an order made under this subsection shall be enforced as an order made under Part XV of the Criminal Code.

(3) Where a person is convicted of contravening these regulations by failing to accept or enter employment to which he has been directed under Part II, by terminating the employment to which he has been so directed or by ceasing to perform his duties in the employment to which he has been so directed, the Justice or Justices of the Peace, Magistrate, Judge or Court before whom he is so convicted may, if counsel or other person acting for the Crown so requests, whether or not sentence is suspended and in addition to imposing the punishment provided for the offence if sentence is not suspended, direct that the man be taken either forthwith or upon the expiration of the term of imprisonment, if any, in police custody to a place specified by counsel or other person acting for the Crown and delivered to the person in charge thereof; and where such an order is made, for the purposes of all of Part IIA except section two hundred and fifty-two, the person so convicted shall be deemed to be a person to whom Part IIA applies and an order shall be deemed to have been served upon him pursuant to section two hundred and fifty-one."

 - (i) provide for any matter necessary or incidental to the foregoing, or to the effective operation of any order made by the Board in relation to the foregoing;
 - (j) amend or revoke any order made pursuant to these regulations.
- (2) The Interpretation Act and every provision thereof shall be applicable to and in respect of every order made pursuant to these regulations except in so far as any such provision is inconsistent with the intent or object of such order or would give to any word, expression or clause thereof an interpretation repugnant to the subject matter or the context or is in such order declared to be not applicable thereto.

5. The Board may pay, out of the said Ontario Wheat Equalization Fund, all expenses of the Board in connection with the administration of these regulations.

6. These regulations have been and shall be operative notwithstanding any statute or law to the contrary and shall be deemed to have been operative since the first day of July, 1944.

Clerk of the Privy Council.

Order in Council *re* amendment of reciprocal agreements with Belgium, Greece, the Netherlands, Norway, Poland and Yugoslavia providing for payment of compensation to Merchant Seamen

P.C. 26/1647

*Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved
by His Excellency the Governor General in Council on the 9th March, 1945.*

The Board had under consideration a memorandum from the Right Honourable the Secretary of State for External Affairs reporting that:—

"1. Under P.C. 87/5204 of July 16, 1941, the Secretary of State for External Affairs was authorized to negotiate with the non-Canadian Governments involved for the purpose of insuring that those Governments give to Canadian Seamen on their ships, or to the Canadian Government on such seamen's behalf, the same compensation for war damage, disability or death due to enemy action, or detention in foreign countries that they give to their own nationals, and that, as a result of these negotiations, reciprocal agreements have been concluded to that effect with the United Kingdom, Belgium, Greece, the Netherlands, Norway, Poland, Sweden, the United States of America and Yugoslavia.

2. The Government of the United Kingdom has, however, subsequently concluded with six of these countries viz: Belgium, Greece, the Netherlands, Norway, Poland and Yugoslavia, simpler and more advantageous agreements to the following general effect:

- (a) in the case of pensions for death or a residual disability of 20 per cent or more awarded to a British seaman (including nationals of parts of the British Commonwealth other than the United Kingdom) or seaman of any other nationality supplied by a manning organization under the control of the Ministry of War Transport, which death or injury is attributable to detention, enemy action or war causes, and also in the case of detention allowances, the foreign government concerned agrees to transfer a fixed capital sum to the British Ministry of Pensions, the latter undertaking all pension liability;
- (b) in the case of loss of effects, industrial injury, or shipwreck the seaman is secured treatment not less favourable than he would receive on a British ship.

3. The form of the agreements so concluded by the United Kingdom has certain advantages over the form of the agreements concluded by the Canadian Government in that:

- (a) it is administratively easier to carry out for both Governments concerned;
- (b) it results in overall greater recovery of pension liability than the Canadian reciprocal scheme.

4. The number of casualties affected both retroactively and in the future, though difficult to estimate with complete accuracy, will be substantial.

5. The agreements concluded by the United Kingdom with Greece, the Netherlands, Poland and Yugoslavia, have general retroactive effect to January 17, 1943. In the case of Belgium, there is coverage of all casualties, and in that of Norway, coverage to May 5, 1942.

6. It is expedient that the reciprocal arrangements concluded under P.C. 87/5204 of July 16, 1941 with Belgium, Greece, the Netherlands, Norway, Belgium, Poland and Yugoslavia, should be modified so as to enable the foreign governments concerned to treat seamen from different parts of the British Commonwealth, including Canadian seamen, on the basis of the United Kingdom Agreements referred to in paragraph 2 above, the Canadian Government accepting such action in satisfaction of any obligations arising under the reciprocal agreements referred to in paragraph 1 above.

The undersigned, therefore, with the concurrence of the Minister of Transport and the Minister of Veterans Affairs, has the honour to recommend that the Secretary of State for External Affairs should be authorized to negotiate with the governments of Belgium, Greece, the Netherlands, Norway, Poland and Yugoslavia, with a view to modifying the reciprocal agreements concluded pursuant to the provisions of P.C. 87/5204 of July 16, 1941, and to enabling the governments concerned to treat Canadian seamen under the provisions of the corresponding United Kingdom agreements referred to above, and enabling such treatment to be accepted in satisfaction of the obligations and in substitution for performance under the provisions of the reciprocal agreements referred to above, and to make any necessary arrangements with the Government of the United Kingdom to give effect to this modification.

And that the Secretary of State for External Affairs should be authorized to undertake corresponding and similar negotiations in respect of any other reciprocal agreements concluded under the provisions of the Order in Council referred to above."

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

Clerk of the Privy Council.

post-war vocational training on a level equivalent
to secondary school level.

P.C. 1648

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 8th day of March, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Labour reports that, by reason of the war, it is advisable for the security, defence, peace, order and welfare of Canada, that the Minister of Labour be authorized, notwithstanding subsection two of section four of The Vocational Training Co-ordination Act, 1942 to enter into agreements with the various provinces under section four of the said Act to provide financial assistance for the development and carrying on after the present war of vocational training on a level equivalent to secondary school level under which the percentage of the cost of the vocational training project to be paid to the respective provinces exceeds the percentage of such costs contributed by the provinces;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour, and under the authority of the War Measures Act, is pleased to authorize and doth hereby authorize the Minister of Labour, notwithstanding the provisions of subsection two of section four of The Vocational Training Co-ordination Act, 1942, to enter into an agreement under subsection one of section four of The Vocational Training Co-ordination Act, 1942 with each of the provinces providing for financial assistance for the development and carrying on after the present war of vocational training on a level equivalent to secondary school level, and containing

- (b) a provision for an annual grant to the province equal to an amount subscribed by the province for similar purposes but not exceeding an amount that is that proportion of \$1,915,000 which the number of people in the province of the ages of fifteen to nineteen years inclusive as shown in the last Dominion decennial census bears to the number of people in all nine provinces of the said ages as shown in the said census;
- (c) a provision for an annual grant to the province of \$10,000 in the case of each of the provinces except Prince Edward Island and of \$5,000 in the case of Prince Edward Island;
- (d) a provision under which the maximum grant payable under a provision described in paragraphs (b) and (c) in respect of any year is increased by the difference between the maximum amount payable in respect of the previous year for capital expenditures and the amount actually paid in respect of the previous year for capital expenditures;
- (e) a provision for a grant to the province for capital expenditures to be made by the province between the first of April, nineteen hundred and forty-five and the thirty-first of March, nineteen hundred and forty-eight for buildings, alterations or additions to buildings and equipment to provide additional vocational training facilities in the province equal to an amount subscribed by the province for similar purposes but not exceeding an amount that is that proportion of \$10,000,000 which the number of people in the province of the ages of fifteen to nineteen years inclusive as shown in the last Dominion decennial census bears to the number of people in all nine provinces of the said ages as shown in the said census (not less than one-half of the grant to be used for vocational training equipment);
- (f) a provision that the buildings and equipment towards the cost of which Canada makes a grant under a provision described by paragraph (e) shall be made available until the thirty-first of March, nineteen hundred and forty-

eight for the rehabilitation and training of war veterans and civilian workers in war industries if so required by the Minister of Labour and that until such time such use of the said buildings and equipment shall have priority over other uses;

- (g) a provision adequately protecting provincial autonomy in vocational education and in the control of the administration of vocational schools;
- (h) a provision that the grants made by Canada under the agreement may be used in or in respect of publicly owned vocational schools (but not in schools operated or controlled by religious bodies or private corporations or individuals) for the payment of:
 - (i) the cost of erecting buildings (but not of the land on which they are erected) and additions or alterations to existing buildings used or to be used for vocational training;
 - (ii) salaries and travelling expenses of provincial administrative and supervisory vocational staff;
 - (iii) cost of vocational instruction and vocational guidance in schools;

 - (vii) bursaries for students attending vocational schools;
 - (viii) the cost of preparation of vocational correspondence courses;
 - (ix) the cost of training vocational school teachers; and
 - (x) the cost of maintenance and repair of plant and equipment used for vocational training purposes.
- (i) a provision that projects undertaken under the agreement may include classes in the day or evening occupying either a normal school day or part thereof and correspondence courses of grade nine standing or higher;
- (j) an agreement by the province to submit to the Minister of Labour a list of projects for which the grants are to be used with such further information as he may require;
- (k) a provision that all plans of new buildings shall be forwarded to the Minister of Labour certified by the appropriate provincial officer but shall not require his approval; and
- (l) a provision that the province will make reports in such form, containing such material and at such times of things done under the agreement as the Minister of Labour may from time to time require;

and such other provisions and agreements by the parties not inconsistent with the foregoing as the Minister of Labour considers advisable.

P.C. 2/1731

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 14th March, 1945.

The Board had under consideration a memorandum from the Honourable the Minister of Agriculture reporting that:—

“Whereas it is desirable that the production of tomatoes, corn, peas and beans produced in Canada for canning purposes be maintained in 1945 at a level with or higher than the production in 1944; and

Whereas the subsidies paid to producers in 1944 under Order in Council P.C. 1611 of the 9th March, 1944, were tomatoes \$6 per ton, corn \$4 per ton, peas \$10 per ton shelled weight and \$2 per ton straw weight, and green or wax beans \$7.50 per ton; and

Whereas representations have been made to the Agricultural Food Board that producers' costs and difficulties of labour procurement are likely to be as great in 1945 as in 1944 or even to increase; and

Whereas it is considered advisable not to raise the ceiling prices fixed by the Wartime Prices and Trade Board on the canned products;

The undersigned, therefore, has the honour to recommend that Your Excellency in Council, under authority of the War Measures Act, do authorize:

- (a) The following subsidies to be paid to producers for such quantities of their 1945 production of the crops named below as are delivered to and purchased by canners for processing, the method of such subsidy payments to be determined by the Agricultural Food Board:

Order in Council providing for subsidy on milk.

P.C. 6/1731

Certified to be a true copy of a Minute of a Meeting of The Treasury Board, approved by His Excellency the Governor General in Council on the 14th March, 1945.

The Board had under consideration a memorandum from the Honourable the Minister of Agriculture reporting that:—

"Whereas the domestic demand and export requirements for milk and dairy products including the armed forces, the Red Cross and other priority users continue at a high level; and

Whereas representations have been made to the Agricultural Food Board that in order to maintain production and to provide minimum requirements without higher ceiling prices, the payment of subsidies will be required;

The undersigned, therefore, on the advice of the Agricultural Food Board recommends that Your Excellency in Council, under the authority of the War Measures Act, do authorize the following:—

1. That a government subsidy of 35 cents per hundred pounds be paid to producers from May 1, 1945, to September 30, 1945, and 55 cents per hundred pounds from October 1, 1945, to April 30, 1946, on such milk sold by producer distributors or purchased by fluid milk distributors as the Agricultural Food Board may direct, provided that in areas where 25 cents per hundred pounds is considered by the Agricultural Food Board to be adequate, the subsidy shall be limited to that amount.

2. That a government subsidy of 20 cents per hundred pounds be paid to producers from May 1, 1945, to April 30, 1946, on milk used in the manufacture of cheddar cheese as the Agricultural Food Board may direct.

3. That a government subsidy of 15 cents per hundred pounds be paid to producers from May 1, 1945, to September 30, 1945, and 30 cents per hundred pounds from October 1, 1945, to April 30, 1946, on such milk used for concentration purposes and the production of milk sugar (lactose) as the Agricultural Food Board may direct.

4. That a government subsidy of 10 cents per pound be paid from May 1, 1945, to April 30, 1946, to producers on butterfat used in the manufacture of creamery butter as the Agricultural Food Board may direct.

5. That the Dairy Products Board be authorized to support the butter market as may be necessary to maintain the minimum prices shown on the schedule hereto by purchasing butter on a basis of minimum price specified in the schedule for butter delivered Vancouver, British Columbia; Toronto, Ontario; Montreal, Quebec; Saint John, New Brunswick; or Halifax, Nova Scotia, during the months purchased.

6. That after the 30th day of April, 1945, the utilization of milk within the dairy industry be stabilized by requiring distributors or manufacturers to obtain permission from the Agricultural Food Board before purchasing milk or cream from other than those from whom they were purchasing milk or cream prior to and regularly since the 30th day of September, 1943.

The undersigned further recommends that an amount not in excess of \$45,000,000 be provided for the above purposes chargeable to moneys to be allotted to the Department of Agriculture for use of the Agricultural Food Board from the War Appropriation in the fiscal year 1945-46."

The Board, having approved the estimate of expenditure chargeable to the War Appropriation 1945-46, concur in the above report and recommendation, and submit the same for favourable consideration.

Order in Council providing for subsidy on small fruits for jam manufacture.

P.C. 7/1731

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 14th March, 1945.

The Board had under consideration a memorandum from the Honourable the Minister of Agriculture reporting:—

"That according to information submitted to the Agricultural Food Board there will be a serious shortage in 1945 of the small fruits, especially strawberries, used for jam manufacture;

That after exchanges of views with the Food Administration of the Wartime Prices and Trade Board, the Agricultural Food Board considers certain provisions necessary to maintain the 1945-46 production of jams and canned raspberries at a level with the 1944-45 production;

That it is not considered expedient, at the present time, to permit any general increase in the maximum prices for jams and canned berries under maximum price regulation by the Wartime Prices and Trade Board, but that the jam manufacturers and canners will be limited thereby in competing with the prices to be obtainable in the marketing for fresh consumption of any berries in short supply;

That Order in Council P.C. 4340 of the 6th June, 1944, provided subsidies for 1944 crop small fruits used for jam manufacture and in the canning of raspberries;

The undersigned, therefore, has the honour to recommend that Your Excellency in Council, under authority of the War Measures Act, do authorize;

1. Subsidies to be included by the manufacturers in their purchase prices of the fruit named and manufactured as above, subject as follows:—

- (a) to be payable and recoverable only by jam manufacturers holding a Manufacturer's Sales Tax Licence issued by the Excise Division of the Department of National Revenue and thereunder producing jams and/or canned fruit as herein mentioned for sale on a commercial basis and through normal commercial channels;
- (b) to be payable and recoverable by such manufacturers only on strawberries, raspberries, loganberries, boysenberries, gooseberries and currants used in the production of jams and of canned raspberries;
- (c) to be payable and recoverable in full only by manufacturers having paid the minimum prices mentioned hereunder as their net cost of the fruit;
- (d) to be recoverable by such manufacturers on submission in the form prescribed of statements of fruit purchased and fruit held for jam production and of jams and canned raspberries produced.

2. Subject to the foregoing and as directed by the Agricultural Food Board, subsidies as follows shall be payable and recoverable by such manufacturers;

(a) *in British Columbia*—

- (i) Strawberries, 6 cents per pound hulls off, added to a net purchase price of not less than 6 cents per pound;
- (ii) raspberries, 3 cents per pound, added to a net purchase price of not less than 11 cents per pound;
- (iii) loganberries, 3 cents per pound, added to a net purchase price of not less than 7½ cents per pound;
- (iv) boysenberries, gooseberries, currants, 3 cents per pound, added to net purchase price of not less than the manufacturer's purchase price in 1942 of each such fruit; provided however that any manufacturer not having purchased any such fruit in 1942 shall obtain approval of his 1945 purchase price from the Agricultural Food Board;

(b) *in Ontario and East thereof*—

- (i) strawberries, 3 cents per pound hulls on, added to a net purchase price of not less than 9 cents per pound, or 3½ cents per pound hulls off, added to a net purchase price of not less than 10 cents per pound;
- (ii) raspberries, 3 cents per pound, added to a net purchase price of not less than 10 cents per pound;
- (iii) loganberries, 3 cents per pound;
- (iv) gooseberries, currants, 3 cents per pound, added to a net purchase price of not less than the manufacturer's purchase price in 1942 of each such fruit; provided however that any manufacturer not having purchased any such fruit in 1942 shall obtain approval of his 1945 purchase price from the Agricultural Food Board.

3. The expenditure of a sum not exceeding \$600,000 from moneys to be allotted to the Department of Agriculture from the War Appropriation for this purpose for the fiscal year 1945-46."

The Board, having approved the estimate of expenditure chargeable to the War Appropriation 1945-46, concur in the above report and recommendation, and submit the same for favourable consideration.

Clerk of the Privy Council.

Order in Council providing subsidy on production of white and yellow eye beans.

P.C. 12/1731

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 14th March, 1945.

The Board had under consideration a memorandum from the Honourable the Minister of Agriculture reporting that:—

"Whereas, in order to stimulate production, a subsidy of 50 cents per bushel was paid by authority of the Wartime Prices and Trade Board to growers on their sales of 1943 and 1944 crops of white and yellow eye beans, and growers' returns were increased accordingly above \$2.00 per bushel obtained for 'No. 1 pick' grade at the maximum price established by the Wartime Prices and Trade Board; and

Whereas the Special Products Board has distributed to such growers participation certificates for a share of the excess over growers' returns from sale for domestic consumption, obtained in the sale for export at \$3.00 per bushel by that Board, which certificates augment growers' returns above \$2.50 per bushel (basis 'No. 1 pick' grade), depending on the proportion sold for export; and

Whereas it has been represented to the Agricultural Food Board that an acreage in 1945 of white and yellow eye beans as great as that of 1944 is not likely to be planted unless growers are assured of returns at a level expected from the combination of maximum price, subsidy and participation in export sales; and

Whereas the expected level would allow a return of \$2.75 per bushel (basis 'No. 1 pick' grade) for all beans sold, and it seems desirable to provide this additional amount in the form of a subsidy to replace present subsidy plus anticipated participation; and

Whereas exchange of views between the Foods Administration of the Wartime Prices and Trade Board and the Agricultural Food Board has indicated that, inasmuch as subsidy is really a grower's subsidy, it should be provided under the auspices of the Agricultural Food Board;

The Undersigned, therefore, has the honour to recommend that Your Excellency in Council do authorize:

1. A subsidy of 75 cents per bushel to be paid, as the Agricultural Food Board may direct, to growers in the bean exporting area of Canada on their sales of 1945 crop white and yellow eye beans;

2. The expenditure of a sum not exceeding \$1,200,000 from moneys to be allotted to the Department of Agriculture from the War Appropriation for this purpose for the fiscal year 1945-46."

The Board, having approved the estimate of expenditure chargeable to the War Appropriation 1945-46, concur in the above report and recommendation, and submit the same for favourable consideration.

Clerk of the Privy Council.

Order in Council amending P.C. 6879, November 28, 1940 settlement of minor civilian claims arising in Newfoundland.

P.C. 43/1731

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by his Excellency the Governor General in Council on the 14th March, 1945.

The Board had under consideration a memorandum from the Honourable the Minister of Justice, concurred in by the Honourable the Minister of National Defence, the Honourable the Acting Minister of National Defence for Air, and the Honourable the Minister of National Defence for Naval Services, reporting:

"That under the provisions of Order in Council P.C. 6879, dated the 28th day of November, 1940, authority has been vested in the General Officer Commanding the Canadian Forces serving in Newfoundland to pay minor civilian claims arising in Newfoundland, out of any death or injury to the person or property (other than by reason of an aircraft accident) resulting from the alleged negligence of any officer or servant of the Crown while acting within the scope of his duties or employment;

That under the provisions of Order in Council P.C. 76/8202, dated the 25th day of October, 1944, being an Order amending the Canadian Claims Commission (Overseas) Order, P.C. 29/2544, dated the 11th day of April, 1941, the Commission was empowered, if it determined that a member, employee or person therein recited, was acting within the scope of his duties, to authorize the tender and payment into court of such amount as the Commission consider reasonable, in satisfaction of any action commenced against such member, provided, however, that no amount in excess of one thousand pounds should be tendered and paid into court without the consent of the Deputy Minister of Justice, and was also authorized to pay any costs or judgment awarded by the Court;

That it is deemed expedient that certain provisions should be enacted in respect of civilian claims arising in Newfoundland.

The undersigned, therefore, has the honour to recommend, with the concurrence of the Minister of National Defence, the Acting Minister of National Defence for Air, and the Minister of National Defence for Naval Services, and under the authority of the War Measures Act, that Order in Council P.C. 6879, dated the 28th day of November, 1940, be amended by adding thereto as subsection (c) of section 4 as follows:—

4. (c) (1) Where an action is brought in the Courts of Newfoundland which arises out of the death or injury to the person or property resulting from the alleged negligence of

- (i) any member of the naval, military or air forces of Canada;
- (ii) any civilian employee of the Department of National Defence; or
- (iii) any person in the employ or service of the Canadian Government or in the employ or service of a department or organization to which vehicles are supplied by the Department of National Defence while in charge of one of the said vehicles,

if the Officer Commanding determines that such member, employee or person was acting within the scope of his duties or employment, he may

1. authorize the tender and payment into court of such amount as the Officer Commanding considers reasonable in satisfaction of such action, provided, however, that no amount in excess of four thousand dollars shall be tendered and paid into court without the consent of the Deputy Minister of Justice;
2. authorize payment of any judgment and costs awarded by the Court.

(2) Upon the authorization of the Officer Commanding, the Chief Treasury Officer shall tender and pay into court, the amount authorized, or upon production of a duly executed release to pay the amount of the judgment and costs to the defendant as the case may be.

(3) The Commanding Officer may defend or assist in the defence of all such actions, employ civilian counsel and solicitors for the purpose and pay all expenses necessarily incidental to such defence."

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

The Board recommend that Sub-Section 7 of Order in Council of July 31, 1942, P.C. 6785, providing for the establishment of the Headquarters of the Canadian Shipping Board at Ottawa and the meetings of the Board to be held at Ottawa, be rescinded and the following substituted therefor:

Order in Council extending the tax credits provided by Subsections 5 to 11 of Section 8 of the Income War Tax Act.

P.C. 1748

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 13th day of March, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas under the Income War Tax Act provision is made in subsections (5), (6), (7), (8), (9), (10) and (11) of Section 8 for certain tax credits by way of deductions from tax of contributions and expenses made and incurred on prospecting for base metals, strategic minerals, oil and gas, the said deductions from tax being limited to contributions made in the calendar year 1944, in the case of prospecting for base metals or strategic minerals, and to expenses incurred in the period from the 1st day of January, 1943, to the 31st day of March, 1945, in the case of expenses in exploring for base metals, strategic minerals, oil or gas;

And whereas the Minister of Finance reports that the Minister of Munitions and Supply and the Minister of Mines and Resources advise that uncertainty as to whether the said tax credits are to be continued during the whole of the calendar year 1945 is now discouraging the planning of exploration work which is essential to ensure continued maximum production of the base metals, strategic minerals, oil and gas necessary for the unrelenting prosecution of the war;

And whereas pending the enactment of legislation with respect thereto by Parliament it is, therefore, deemed expedient and in the interest of an effective prosecution of the war to extend the said tax credits to the thirty-first day of December one thousand nine hundred and forty-five.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance and under and by virtue of the War Measures Act, is pleased to extend and doth hereby extend the period of operation of subsection five of section eight of the Income War Tax Act to the nineteen hundred and forty-five taxation year, and is further pleased to extend and doth hereby extend the period during which expenditures may be incurred under subsections six, seven, eight, nine, ten and eleven of the said section to the thirty-first day of December, 1945.

A. D. P. HEENEY,
Clerk of the Privy Council.

That it is deemed advisable to provide that public stores bearing such mark shall be exempt from the provisions of Order in Council P.C. 449 of 23rd January, 1945; and

That it is further deemed advisable to amend paragraph 2 of said P.C. 449 to provide that the marking "U.S." alone shall be the marking on public stores the property of the United States Government.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Justice, and under the authority of the War Measures Act, is pleased to amend Order in Council P.C. 449 dated 23rd January, 1945, and it is hereby amended as follows:—

"(1) War Assets Corporation and any person thereunto authorized by War Assets Corporation are hereby authorized to apply in or on any public stores from time to time sold or otherwise disposed of by the said Corporation, the same distinctive mark as it is authorized to apply in or on surplus war assets by Privy Council Order 5549 dated 19th July, 1944.

(2) The provisions of paragraph 3 of this Order shall not apply to public stores which have been marked pursuant to and in accordance with paragraph 3A of this Order."

Orders in Council

Order in Council authorizing the Canadian Wheat Board to empower grain shippers to borrow money on the security of Class I wheat.

P.C. 1917

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 23rd day of March, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Trade and Commerce reports that in order to facilitate the forwarding and marketing of Class I wheat by The Canadian Wheat Board (hereinafter called the "Board"), it is necessary to enlarge the powers of the Board to authorize the Board to empower any person contracting with the Board in relation to the forwarding or sale of Class I wheat to borrow money from a bank upon the security of such wheat as hereinafter set out; and

That by reason of the state of war now existing, the said provision is necessary for the security, defence, peace, order and welfare of Canada.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Trade and Commerce, and under and by virtue of the powers conferred by the War Measures Act, is pleased to order and it is hereby ordered as follows:—

1. Notwithstanding any law to the contrary, the Board shall have power to authorize any person with whom the Board enters into an agreement relating to the forwarding or sale of wheat to borrow from any bank on the security of Class I wheat made available to such person by and received by such person from the Board and to give security on such wheat in accordance with the bank's usual requirements, such security in respect of such wheat to be effective only to the extent of the value of such wheat as fixed by the Board for Class I wheat at the time of the making of such advances, and the bank may take security on such wheat under the provisions of section 86 or section 88 of The Bank Act, and any such person shall be, and is deemed and declared to be, the owner of such wheat for all such purposes and to such extent and in case of default by any such person the bank shall sell or dispose of such wheat to the Board only and the Board shall take delivery from the bank in lieu of such person and pay to the bank the Board's price for Class I wheat, as fixed at the time of the making of such advances, delivered at Fort William or Port Arthur or Vancouver or such other delivery point as may be authorized by the Board, plus charges, allowances and the costs of transporting such wheat to the delivery point directed by the Board, and the security shall thereupon cease and the Board shall have clear title to such wheat.

2. In this Order in Council

- (a) the words "Class I wheat" mean wheat held by the Board for the account of His Majesty pursuant to regulations made by the Governor General in Council as P.C. 7942 of the twelfth day of October, nineteen hundred and forty-three.
- (b) the word "person" includes any partnership or corporation.

3. This Order in Council shall be deemed to have come into force and effect on the first day of April, 1944.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council confirming the action of the Cabinet Wheat Committee in fixing \$1.25 as the price of wheat in pursuance of P.C. 7942, October 12, 1943 and directing the Canadian Wheat Board to make wheat available for purposes specified in P.C. 1116, February 20, 1945 at \$1.46 per bushel.

P.C. 1956

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 23rd day of March, 1945.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports that pursuant to Order in Council P.C. 7942, dated October 12, 1943, the Canadian Wheat Board was directed to make wheat held by it on behalf of His Majesty available at prices fixed from time to time by the Governor in Council to fill domestic requirements and the requirements of the United Kingdom of Great Britain for wheat and wheat flour and to provide wheat and wheat flour transferred under the War Appropriations (United Nations Mutual Aid) Act and paid for out of the Mutual Aid Appropriation and to meet any other obligations which the Dominion of Canada may undertake for the provision of wheat and wheat flour for countries other than Canada at the expense of the Government of Canada, in priority over all other wheat held by the Board, and the wheat so held has been made available for the said purposes on instructions of the Cabinet Wheat Committee on the basis of \$1.25 for Grade Number One Manitoba Northern, basis in store Fort William/Port Arthur and at prices related thereto for other grades and it is necessary to confirm these instructions and to ratify the prices pursuant to the said Order in Council;

That pursuant to Order in Council P.C. 1116, dated February 20, 1945, The Canadian Wheat Board was directed to transfer 100 million bushels of wheat from the 1943 and 1944 crop accounts to the account of wheat held by the said Board for and on behalf of His Majesty on the basis of \$1.43 per bushel for wheat of Grade Number One Manitoba Northern, basis in store Fort William/Port Arthur, this being the Class II price in effect on January 29, 1945, less an allowance for carrying charges, and was directed to make such wheat available at prices fixed from time to time by the Governor in Council to fill the requirements of the United Kingdom of Great Britain for wheat and wheat flour and to provide wheat and wheat flour transferred under the War Appropriations (United Nations Mutual Aid) Act and paid for out of the Mutual Aid appropriation, and to meet any other obligations which the Dominion of Canada may undertake for the provision of wheat and wheat flour for countries other than Canada at the expense of the Government of Canada; and

That the Cabinet Wheat Committee is agreed that such wheat should be made available for the purposes specified approximately at cost plus average carrying charges, namely, on the basis of \$1.46 per bushel for Grade Number One Manitoba Northern basis in store Fort William/Port Arthur and at prices related thereto for other grades.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, and under and by virtue of the powers conferred by the War Measures Act, is pleased to order and doth hereby order—

1. That the prices at which wheat held by The Canadian Wheat Board for the account of His Majesty pursuant to Order in Council P.C. 7942, dated October 12, 1943, has been made available by the said Board be and they are hereby fixed as the appropriate prices under and pursuant to Section 7 of the said Order in Council.

2. That The Canadian Wheat Board shall make wheat held by the said Board for the account of His Majesty pursuant to Order in Council P.C. 1116, dated February 20, 1945, available for the purposes specified in Section 4 of the said Order in Council P.C. 1116 on the basis of \$1.46 per bushel for Grade Number One Manitoba Northern basis in store Fort William/Port Arthur and at prices for each other grade of wheat as, in the opinion of the Board, brings such grade into proper price relationship with Number One Manitoba Northern.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council authorizing settlement of claims not exceeding \$100 in amount against the Crown for damage to property in connection with military manoeuvres.

P.C. 64/1981

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 24th March, 1945.

The Board had under consideration the following memorandum from General the Honourable Minister of National Defence:—

"The undersigned has the honour to state that the Quartermaster-General reports that:

- (a) In the course of training, organization and administration of the Army in Canada, damage is often necessarily or accidentally caused to land and buildings and other structures erected thereon or affixed thereto which is occupied under a lease or similar arrangement by the Department of National Defence or in the vicinity of which military formations are stationed or are training or exercising. As a result of such damage, claims are made from time to time by owners and others having some rights in connection with such real property.
- (b) By Order in Council P.C. 5134 dated 10th July, 1941, Your Excellency was pleased to make and establish Regulations authorizing the execution of military manoeuvres over and upon specified areas or within specified limits and during specified periods, and establishing Manoeuvre Boards for the purpose of investigating and settling all claims against the Crown made by civilians for damage caused to their person or property during such manoeuvres, as set out in the said Regulations.
- (c) Under existing regulations, all such claims as are referred to in sub-paragraph (a) above which do not arise in manoeuvre areas even if most trifling in amount, must be referred to National Defence Headquarters for settlement.
- (d) By Order in Council dated 2nd February, 1943, P.C. 57/897, Your Excellency was pleased to make and establish Regulations providing for the settlement of claims of less than \$200 against the Crown arising out of any death or injury to the person or to property resulting from the alleged negligence of any officers or servants of the Crown while engaged in training, tactical schemes, exercises or operations in Canada. Under the said Regulations, all such claims must be fully investigated and submitted to the Judge Advocate-General, and if he is of the opinion that the Crown is liable for the damage claimed the Deputy Minister may authorize payment of such claims. Provision is also made by the Regulations for reimbursement by the officer or servant of the Crown responsible for the damage complained of if his negligence was not of a minor character.
- (e) The result of the present procedure is that there is delay in the settlement of minor claims relating to land and buildings through no fault of the military officers or departmental officials concerned but because of the nature of the procedure required to be followed in connection therewith. In many cases, claims which could have been settled immediately after the damage was caused for a small amount are, through the necessity of conducting complete investigations in order to make comprehensive reports to National Defence Headquarters and of obtaining the services of outside investigators or valuers, greatly magnified, and very considerable expense and loss of time are involved in their settlement.
- (f) It is considered that General Officers Commanding, District Officers Commanding and Camp Commanders who have on their staffs competent legal and other technical advisers should be authorized to settle all claims of a minor nature arising out of damage alleged to have been caused to real property in their commands, districts or camps by the Military forces without reference to National Defence Headquarters providing such claims can be settled for an amount not exceeding \$100.

2. The Deputy Minister of National Defence (Army) therefore recommends that an appropriate Order be made in connection with the foregoing.

3. No additional expense is involved in this proposal.

4. The undersigned concurs in the recommendation of the Deputy Minister and recommends that under the authority of the War Measures Act Your Excellency in Council be pleased to make the following Order:—

ORDER

- (a) General Officers Commanding and District Officers Commanding in Canada and the Commanders Camp Borden and Petawawa Military Camp may settle all claims arising in their respective commands, districts or camps (other than those which may be settled under the "Manoeuvre (Canada) Regulations 1941", P.C. 5134) out of damage to land and buildings and other structures erected thereon or affixed thereto alleged to have been caused by members of the military forces or civilian employees of the Department of National Defence if, in the opinion of the General Officer Commanding, District Officer Commanding or Camp Commander concerned acting on the advice of his legal advisers, the Crown is legally liable in connection therewith, or it is apparent from the established facts that the damage complained of was caused by the negligence of an officer or servant of the Crown acting within the scope of his duties or employment although his identity cannot be ascertained; provided that no settlement of any one claim shall exceed \$100 in amount.
- (b) Command, District and Camp Treasury Officers may pay such claims, upon certification thereof for payment by the General Officer Commanding, District Officer Commanding or Camp Commander concerned.
- (c) Immediately upon payment such claims shall be referred to the Judge Advocate-General for his opinion as to whether had the claim been dealt with in accordance with the procedure established by Order in Council P.C. 57/897, dated 2nd February, 1943, any officer or servant of the Crown would have been required to reimburse the Crown in respect of the amount paid by it to the claimant. If the Judge Advocate-General is of the opinion that an officer or servant of the Crown would have been so required he shall be liable to reimburse the Crown and demand shall be made upon him in the same manner and to the same extent and recovery effected as in the said Order provided.
- (d) Claims which cannot be settled for an amount of \$100 or less shall be referred to National Defence Headquarters pursuant to the provisions of Order in Council P.C. 57/897 dated 2nd February, 1943, or Order in Council P.C. 80/1045 dated 19th March, 1940, as applicable."

The Board concur in the above report and recommendation and submit the same for favourable consideration.

A. D. P. HEENEY,
Clerk of the Privy Council.

And whereas the Pensions Advisory Committee constituted by Order in Council, P.C. 162/9150, of October 7th, 1942, (as amended), has had under review the entire matter of pension and compensation rights of Government employees arising out of accidents occurring outside of Canada and has recommended that by reason of conditions brought about by the war, compensation, as provided by The Government Employees Compensation Act, should be payable in respect of injury to, or death of, Government employees by reason of accidents occurring at any place outside of Canada;

And whereas by Order in Council P.C. 1996 of March 23, 1945, the benefits provided by the Government Employees Compensation Act were extended to persons to whom the said Act is otherwise applicable, with respect to accidents occurring outside of Canada;

And whereas the Pensions Advisory Committee (established by Order in Council P.C. 162/9150, of October 7, 1942, as amended), recommends it be made clear that the provisions of the said Orders in Council and of the said Act extend to the employees of such wholly Government-owned companies and that the provisions of the Government Employees Compensation Act be extended to include persons who, as a result of wartime conditions are devoting all or part of their time to the direct service of the Government of Canada, without remuneration of any kind;

(2) *Certificate to be Placed on Purchase Orders*

Every purchase order for anthracite placed by a wholesaler, to whom a permit has been issued under this Section, must be in writing and must have on it a certificate signed by the wholesaler substantially in the following form:

4. *Welsh Anthracite*

(1) *Importers to Notify Controller by Telegram*

Every person who imports any Welsh anthracite shall, immediately upon the arrival of any Welsh anthracite for his account at any Port, notify the Coal Controller by telegram of the tonnage of each size of Welsh anthracite in the shipment.

(2) *Permit Required for Distribution*

A person who imports any Welsh anthracite must not distribute or deliver any such anthracite received by him at a Port to any other person without a permit in

writing issued by the Controller authorizing such distribution or delivery and then only in accordance with the terms of such permit.

(3) *Provisions of Order Applicable to Importers and Wholesalers Dealing in Welsh Anthracite*

This Section and Sections 14, 15(1) and 19-22 inclusive of this Order and no others apply to importers and wholesalers dealing in Welsh anthracite.

5. *Distribution by Wholesalers of Available Tonnage*

(1) *Distribution to Retail Dealers*

Except as otherwise provided in the succeeding sub-sections of this Section, each wholesaler (including a lake or tidewater dock operator) shall arrange his schedule for the distribution of his available tonnage so that during this fuel year, on the basis, to the maximum extent practicable, of regular equal monthly shipments, he shall have supplied the maximum lawful tonnage of anthracite to each retail dealer with whom he has an established base period tonnage.

(2) *Accelerated Shipments of Buckwheat Under Stated Conditions*

In the event that a wholesaler is unable to make equal monthly shipments to a retail dealer who advises in writing that he does not have storage facilities to accommodate all of the tonnage of either No. 1 buckwheat or No. 2 buckwheat (rice) which may be shipped to him pursuant to sub-section (1) of this Section, and who cannot dispose of such coal upon receipt, such wholesaler may accelerate shipments of either No. 1 buckwheat or No. 2 buckwheat (rice) to other retail dealers prior to December 1, 1945, without regard to equal monthly shipments to such retail dealers. However, in no event shall the total tonnage shipped to each retail dealer during this fuel year exceed the total tonnage permitted by this Order to be shipped by such wholesaler to each such retail dealer. In addition, the total tonnage of either No. 1 buckwheat or No. 2 buckwheat (rice) shipped by such wholesaler to retail dealers in the aggregate in any calendar month shall in no event exceed $\frac{1}{12}$ of the total tonnage permitted by this Order to be shipped by such wholesaler to retail dealers in the aggregate during this fuel year.

(3) *Distribution to Lake Docks and Lake Dock Operators*

Each wholesaler (excluding a lake dock operator) shall arrange his schedule for the distribution of his available tonnage via the Great Lakes so that by November 1, 1945, on the basis, to the maximum extent practicable, of regular equal monthly shipments to that date, he shall have shipped the maximum lawful tonnage of anthracite to the same lake docks and the same lake dock operators (whether they are wholesalers or retail dealers or both) with whom he has an established base period tonnage.

(4) *Distribution to Retail Dealers at Ice Bound Ports*

Each wholesaler may, and upon the direction of the Coal Controller shall, arrange his schedule for the distribution of his available tonnage so that by November 1, 1945, on the basis, to the maximum extent practicable, of regular equal monthly shipments to that date, he shall have shipped by water the maximum lawful tonnage of anthracite to each retail dealer located at ice bound ports designated by the Controller with whom he has an established base period tonnage.

6. *Distribution by Wholesalers of Excludable Tonnage*

During this fuel year a wholesaler must not distribute any category of excludable tonnage to any retail dealer in excess of the total of that category distributed by such wholesaler to such retail dealer during the base period.

7. *Distribution by Plus Wholesalers of Excess Tonnage*

(1) Each plus wholesaler shall, to the maximum extent practicable, arrange with a minus wholesaler of his own selection (excluding lake dock operators) for shipment each month to or for the account of such minus wholesaler of all anthracite which exceeds the tonnage actually shipped or scheduled for shipment during the month

(a) pursuant to any direction of the Coal Controller; and

(b) as excludable tonnage; and

(c) as available tonnage to retail dealers and others to the maximum extent permitted under Section 5 of this Order.

(2) No wholesaler shall receive anthracite from another wholesaler, pursuant to sub-section (1) of this Section, except upon condition that the receiving wholesaler will distribute such anthracite strictly in accordance with this Order.

8. *Disposition by the Coal Controller of Excess Tonnage*

(1) Any plus wholesaler who fails to dispose of his excess tonnage of anthracite in accordance with Section 7 of this Order must make all such excess tonnage immediately available to the Coal Controller for distribution.

(2) The Coal Controller's directions for the distribution of excess tonnage will be issued within 30 days from the date on which the existence of such excess tonnage is brought to his attention. If the Coal Controller fails to issue a direction for the distribution of such excess tonnage within said period of 30 days, the plus wholesaler involved may ship to any person he chooses.

(3) Unless otherwise specified in the direction of the Coal Controller, a wholesaler shall commence shipment in compliance with such direction within five working days after the receipt of such direction and complete the required shipments within 30 days from the receipt of such direction.

(4) A wholesaler to whom a direction is issued by the Coal Controller must

(a) acknowledge promptly in writing the receipt of the direction; and

(b) advise the Coal Controller of the date on which shipments will commence and the probable date of completion; and

(c) notify the Coal Controller in writing of the date on which shipments have been completed, pursuant to the direction.

9. *Gross Receipts by Retail Dealers Restricted*

Except as provided by Section 8 of this Order, no retail dealer shall receive from all sources combined a tonnage of anthracite which exceeds the maximum lawful tonnage, plus the excludable tonnage authorized by Section 6.

10. *Wholesalers' Duties With Respect to Fuel Other Than Anthracite*

(1) Each wholesaler must take all necessary steps to augment his anthracite supply with other fuels to the extent necessary to assure that the minimum essential fuel requirements of the retail dealers and the communities which they serve will be met.

(2) Each wholesaler who operates yards or docks shall promptly make arrangements for the receipt of Class C fuel (as defined in Order No. Coal 17) so that the proper percentage may be available for delivery by retail dealers to consumers in accordance with the said Order No. Coal 17.

11. *Wholesalers Responsible for Quality of Anthracite*

It is the duty of each wholesaler who supplies anthracite to retailers to protect the quality of such anthracite and no wholesaler shall deliver under this Order any anthracite which exceeds the following percentages of ash content:—

Prepared sizes, including pea.....	15 per cent
No. 1 buckwheat.....	16 per cent
No. 2 buckwheat (rice).....	17 per cent

12. *Prepared Sizes to be Delivered and Accepted in Proper Proportions*

Each wholesaler shall deliver to retail dealers and each retail dealer shall accept delivery from his wholesaler of the prepared sizes of anthracite in the proper proportion of mine production as received by the wholesaler.

13. *Wholesalers to Advise Retail Dealers of Base Period Tonnages and Adjustments*

Each wholesaler, on or before the 10th day of May, 1945, shall notify each retail dealer to whom he made shipments of anthracite during the base period of the actual tonnage of anthracite shipped to such dealer during the base period, including any adjustments thereof approved by the Coal Controller. One copy of such notice shall be forwarded to the Regional Representative of the Coal Controller for the region in which the dealer has his place of business, and one copy of such notice shall be forwarded to the Coal Controller. The base period tonnage of anthracite, as adjusted, shown on such notification shall be subject to review, and may be increased or decreased, by the Coal Controller.

14. *Credit Shipments by Wholesalers to Retail Dealers*

Nothing in this Order shall require any wholesaler to ship anthracite on credit to any retail dealer whose credit is not satisfactory to the wholesaler; provided that a wholesaler must, before discontinuing shipments to a retail dealer as required by this Order, notify the retail dealer of his unwillingness to ship and the reasons therefor, and in the event of the retail dealer paying cash or meeting the wholesaler's reasonable terms of credit, the wholesaler must continue shipments to him as required by this Order.

15. *Information to be Furnished by Wholesalers to the Coal Controller*

(1) Each wholesaler shall, on forms prescribed by the Coal Controller, file with the Coal Controller on or before the 10th day of May, 1945, and the 10th day of each month thereafter, a report in writing setting out all the information required by the said forms.

(2) Each retail dealer who imports any anthracite directly from the United States of America shall, on forms prescribed by the Coal Controller, file with the Coal Controller on or before the 10th day of May, 1945 and the 10th day of each month thereafter a report in writing setting out all the information required by the said forms.

16. *Review of Base Period Tonnage Adjustments*

The Controller will review increases in base period tonnages previously authorized and will make such downward adjustments as are appropriate in order more effectively to secure an equitable distribution of the available supply of anthracite.

17. *Transfers of Base Period Tonnage*

(1) If the Controller determines that a wholesaler has discontinued business or has ceased to make shipments of anthracite to the retail dealers to whom he made shipments of anthracite during the base period, he may direct any wholesaler to make shipments of anthracite to all or any of the retail dealers who fail to receive shipments of anthracite by reason of the circumstances recited in this sub-section.

(2) If a retail dealer discontinues business, each wholesaler who supplied such retail dealer with anthracite in the base period shall promptly notify the Controller in writing and the Controller, after consulting the wholesalers supplying such retail dealer, may transfer the base period tonnage, as adjusted, established between such wholesaler and such retail dealer to another retail dealer or other retail dealers located at or near the same destination and authorize or direct such wholesalers to make shipments to such other retail dealer or dealers.

18. *Wholesalers without a Base Period Tonnage*

Any wholesaler who did not make shipments of anthracite during the base period shall make shipments only

(a) to or for the account of another wholesaler; or

(b) upon specific direction of the Controller.

19. *Reports*

Each person participating in any transaction to which any portion of this Order applies shall execute and file with the Controller such reports and questionnaires as the Controller may prescribe on such forms as the Controller may designate for this purpose.

20. *Records*
